8/18/70 letter from H.L. Jordan (Customer Relations) to Rev. Kelly.

Handwritten note at top reads:

"Called G. Maas
7/70
2:30 p.m."

cc: Mr. C. D. Clark - Buffalo Zone

Note: According to our Tax & Ins. Department, a T.E.A. (copy attached) in the amount of $212.53 was issued to Brown Motors in Buffalo, New York on June 2, 1970. I would like to ask that you check with the dealer to deter whether or not the refund was forwarded on to the Reverend. In checking wit our Fleet Sales Department it was determined that the Reverend's Pontiac was a leased car and as you can see from the enclosed warranty plate, the Reveren did not have the warranty transferred when he purchased the car. On the surf it would appear that we will not be able to be of assistance to him concernin refund for the water pump failure he experienced. I would like to ask that you review this entire situa write to the Reverend and provide us with a copy o your letter for our files.

August 18, 1970

The Rev. Eugene A. Kelly
St. Paul's Rectory
123 North Main Street
Black River, New York 13612

Dear Mr. Kelly:

I am taking the liberty of acknowledging your recent correspondence concerning the Federal Excise Tax return for your 1969 Catalina station wagon and the water pump failure you experienced with your car.

We determined that the refund for the Excise tax has been issued by Pontiac Motor Division and we have asked our Buffalo office to determine whether or not this refund has actually reached you. Furthermore, we have also forwarded your warranty plate and repair order covering the water pump replacement you had performed to your car to out Buffalo office so that a determination can be made as to whether or not any warranty consideration in this respect can be given.

No doubt you will be hearing from someone of our Buffalo office at a very early date, and we certainly wish to thank you for your time and patience in this matter.

Sincerely,

H. L. Jordan

TO: Directors & Past Presidents

Dealers in our area are being solicited by an outfit NABCOR, INC., 101 Benson Manor, Jenkintown, Pennsylvania. They now have a New York office at the Westchester Town House in Westchester.

The approach is to issue a franchise as a Nabcor agent and they promise to deliver to the agent any car, make or model, as ordered by the agent, at a price of $50.00 over dealer cost.

A payment of $5,000 is paid to Nabcor when the agreement is signed and the agent is reimbursed at the rate of $25.00 for each car purchased. Ostensibly, the $5,000 is repaid when the agent sells 200 cars.

In checking around I have learned they concentrate on Used Car dealers and for them it should be a good deal if they get the new cars.

I visited their offices and talked to a Mr. Quin. He told me they have fleet contrac for their leasing company, with all of the manufacturers. He stated that since the decision against G.M. in the California case they can do anything they want with these cars.

They will deliver the car to the agent with an MV50.

It all seems pretty legal but it would be a hell of a note if all of the larger Used Car dealers were to suddenly become new car agents.

It had been my understanding that all fleet agreements contained a clause stating the car could not be sold within six months. Quin told me this is not so, now.

I bring this to your attention because this is a threat to our business.

Incidently, each agent or dealer, as Nabcor calls them, is supplied with complete retail and cost price lists on all cars and accessories.

All of their advertising stresses the court rulings against G.M. They also stress the fact the manufacturers are beginning to set-up diagnostic centers all over the country and eventually will handle all warranty service business.

To quote from their folder:

NABCORS ANSWER!

"The Nabcor System has been formed to provide the small investor with the opportunity to enter the largest market in the world with no investment. The Nabcor System permits the opportunity to build individual businesses on a basis that eliminates all the undesirable Franchise features.

The Franchised Nabcor Dealer has at his disposal every make and model new car manufactured in the United States today. There are no restrictions on quantity of units or variations in body style, equipment, etc. The Franchised Nabcor Dealer is a part of a National organization with all the benefits accrued through the power of mass purchasing.

The Franchised Nabcor Dealer is provided with complete comprehensive training in the Nabcor System of Automobile Sales and Leasing."

Peter A. Gordon

GENERAL MOTORS CORPORATION

Date: March 29, 1966

To: Mr. N. M. Karney

Subject: NOBCAR, INC.
273 Park Avenue
New York, New York

On February 15th, Mr. Owens called and left the message with me (see attached) regarding subject company and Zippy Car Rental. At that time, Mr. Owens advised that Nobcar offered Zippy units below dealer cost, and Mr. Owens suggested I file the message in the event Nobcar called us.

On March 28th, Mr. Mennola of Grandway, Inc. (subdivision of Grand Union--our Certificate holder in Patterson, New Jersey) called this office and advised that he was offered a franchise to become a new and used car broker for Nobcar and could offer his customers a full factory warranty. Mr. Mennola called Circle Buick in New York and asked them whether or not they would honor a warranty if he should decide to accept the franchise. Circle Buick was emphatic in answering "No". He called this office in an effort to find out whether or not the full factory warranty would be honored by our dealers if he should enter into an agreement with Nobcar. I tried to extract from him where Nobcar was purchasing their units, but he said he didn't know. I then told him I would check with Detroit and have someone call him with an answer to his problem.

I called Mr. Owens and Marguerite said he would call me back--waited until 5:20 p.m. and Mr. Mennola called back for an answer. I called again in the morning (Detroit) and Marguerite took the message and said Mr. Owens would call me back. Mr, Mennola again called. Finally, I called Mr. Owens around 3:00 p.m. (March 29th) and he said he was just about to call me. I gave him the information and he said he would call Mr. Mennola and unless we had a memo from him (Owens) we could forget the whole thing.

Since this originated from Mr. Owens' office, I thought you should have the complete details in the event something should occur again regarding Nobcar.

Memorandum to File

ADDRESS

On this date I discussed with Mr. P. J. Wetzel of General Motors Public Relations Staff, New York, the contents of his letter of June 7, 1966 to Mr. Paul E. Svoboda. This letter had reference to an advertisement in the Business Opportunities classified section of the New York Times dated June 6, 1966.

Mr. Wetzel informed me that the Mr. Lloyd Colley who is referred to in his letter to Mr. Svoboda, was a complete stranger to him and that he had simply received a 'phone call from Mr. Colley in which he made inquiry about the ad in the New York Times. Mr. Wetzel stated that Mr. Colley, in his 'phone call to the Public Relations Department, was describing his experience in answering this ad and simply wanted to know if General Motors was aware of the arrangements that he describes. It is my understanding that Mr. Wetzel briefly described to him our method of distribution and that Mr. Colley did not ask for a letter from General Motors with regard to this matter. He did tell Mr. Wetzel that he had also called the Better Business Bureau in New York.

Following my 'phone call to Mr. Wetzel, I checked the company known as "Nabcor" with the Fleet Section of General Motors. They checked their records and got back in touch with me some time later with the information that their records revealed nothing on this company. They are not General Motors Fleet (Section) certificate holders, nor do they have any record of any communication with the company.

Subject: NABCOR, INC.

This will serve to up-date information you presently have on subject company. Numerous attempts have been made to contact Mr. Bud Morrison, local manager of NABCOR, Room 508, General Motors Building, New York, New York. All attempts have been unsuccessful. This office has not been finished, and from personal observation, it is estimated that occupancy will be approximately January 15, 1967.

I have learned that there is a subsidiary company known as United States Sales and Information Service, and this name will probably be used in the New York area. However, the name appearing on the office door in the General Motors Building is NABCOR, INC.

With reference to advertising, I have researched all issues of the New York Times newspaper for the past thirty days and was not able to locate a single ad. The General Motors Library here has prior issues on micro-film, and if you feel additional research is needed please advise.

I will continue in my efforts to contact Mr. Morrison and will advise if additional information is obtained as a result of the contact.

Very truly yours

This will serve to up-date the information you have relative to subject company. Mr. Bud Morrision is no longer in the employ of Nabcor Inc., and I am not acquainted with the reasons for this termination of employment. All furnishings in Suite 508, GM Building, New York, New York have been removed from the premises and the office has been closed.

I understand they now have a small office in Yonkers, New York which is presently being managed by Mr. Ed O'Brien. No attempts have been made to contact this office.

Please advise if I should consider the file closed or if you feel a contact with Mr. O'Brien in the Yonkers office would be beneficial.

Nabcor, Inc.

1775 Broadway
New York, New York

Manager, Bud Morrison (formerly Fleet Manager for Don Allen Chevrolet)

This organization is out solociting actively used car people to buy the Nabcor, Inc. franchise which they sell for $5,000. It does allow the person who buys the franchise to sell any kind of new automobiles in their area. The Nabcor, Inc. will furnish these new cars to their dealers for $50 over dealer cost.

In their brochure they use, they state that they are a holder of Fleet User Certificates for all car manufacturers and are able to supply these cars because of this. They also mention that since the decision of the L.A. court, they can do this without any legal entanglement.

When a dealer sells to Nabcor, Inc. they are asking for the $50 Fleet rebate. They are buying the cars for dealer cost.

Our dealers are quite upset about this.

This matter was brought to Mr. Church's attention by a Regional Manager. However, no investigating of any type has been done.

Kline Pontiac Co.

Yonkers, New York

April 6, 1970

Since the Zone has failed to answer our letter of February 10, 1970, regarding Pontiac's eligibility of the claim submitted by Kline Pontiac Co., for fleet allowance for cars delivered by the dealer to Mabcor, Inc., 50 Sprain Road, Yonkers, New York, we have been unable to request the GM Legal Staff to review Pontiac's position relative to payment of these claims.

Also, the position we may be in by shipping additional cars to this dealer against wholesale car orders, when it is known that the cars are for Mabcor.

In our letter of February 10, we asked the Zone to provide information on how the car orders were received in the Zone from Kline Pontiac Co., for resale. The cars in question are:

V.I. NUMBERS	
276570A113914	235270B121709
276570A111435	235690B119080

52370B128764	252370B116977

252370B117413	235690B107611
262370B120551	262390B112033

We will need to know whether or not the wholesale car orders for these vehicles showed Mabcor, Inc., as the customer. We will also need to know if the Zone had any conversation with the dealer regarding whether or not the orders covered fleet deliveries, if they did not show Mabcor as the customer.

E-18.

In other words, we need a resume of the handling of this business with the Doylestown, Pennsylvania, dealer before a determination can be made on Pontiac's position as to whether the vehicles are eligible for the basic purchase allowance, since they were not delivered to an eligible fleet account. A point of information should be whether or not the Zone talked with the dealer about the eligibility of Nabcor, Inc., as a fleet account.

The two wholesale car orders submitted with your March 19, 1970, letter will be reviewed along with the fleet allowance subject at the time we have fleet information from the Zone that will enable us to handle this matter.

May we please have a report by return mail?

TO R. D. Coulter — ADDRESS Pontiac, Michigan

FROM Mr. J. P. Ware — ADDRESS Philadelphia Zone

SUBJECT Kline Pontiac Co.
Doylestown, Pa. — DATE April 15, 1970

This is in reference to your letter of April 6, 1970 relative to the subject dealer's sale of cars to Nabcor, Inc., Yonkers, N. Y.

We are attaching copies of wholesale car orders relative to this case. You will note that in each instance, with the exception of order 33650, Nabcor is not identified. As substantiated in Mr. Burt's attached letter of March 16th, the dealer refused to identify the fleet account and, therefore, the orders were preferenced as retails. The above mentioned order 33650 received on January 29, 1970 was marked both "sold" and "stock" with no name. When Mr. Burt contacted the dealer to determine the status of this order, he was advised by Mr. Kline that it was for Nabcor. Mr. Burt then coded the order "fleet" and processed it.

Order Nos. 20057, 30155 and 63483, copies of which you have received, were to be held until further notification; however, order 30155 was inadvertently preferenced. This was discovered in time to divert shipment to 991 and the car is now in our Zone warehouse. The subject dealer is not aware that this car was shipped.

Mr. Burt's letter explains how this matter has been handled from the beginning; that is, the dealer was advised that without a fleet account name these orders could not be processed as fleet deliveries. In addition, no member of the Philadelphia Zone ever discussed with the dealer whether or not Nabcor, Inc. was an eligible fleet account, nor has any member of the Zone ever talked with representatives of Nabcor, Inc.

TO Mr. J. P. Ware **ADDRESS** Philadelphia Zone

FROM Gerald J. Burt. **ADDRESS** Philadelphia Zone

SUBJECT Kline Pontiac
Doylestown, Pa. **DATE** March 16, 1970

This will have reference to the letter of February 10, 1970, concerning the eligibility of the claims submitted by Kline Pontiac, Co., Doylestown, Penna., for the cars delivered by the dealership to Nabcor Inc., 50 Sparin Road, Yonkers, N. Y.

The orders that are in question were received in this office were over a several month period beginning in September of 1969 and continuing to the present date. They were originally classified as fleet; however, no fleet name was given. The dealer, William Kline, was questioned on this on September 5, when the first order arrived in this office. At that time he informed me that he was unable to divulge the fleet customer's name for fear of losing the account. After this discussion, he was informed that we would be unable to process this order and subsequent orders under our fleet plan unless a fleet customer's name was given and that this order and all following orders would be processed as regular retail orders counted against his normal allotment.

At no time in this initial contact was the name Nabcor ever mentioned.

On March 10, 1970 an order for a 3569 and on March 11, 1970 an order for a 5239 was received in this office with the fleet name Nabcor listed.

At the present time these orders are being held awaiting further disposition.

Re: Nabcor, Inc.

Gentlemen:

A client of ours has been approached by the above mentioned corporation to sell G.M. cars at discount prices.

We are writing to you in an attempt to determine whether G.M. will sell its cars directly to Nabcor, Inc. and whether to your knowledge Nabcor, Inc. will be in a position to deliver your cars at discount prices.

Thank you for your cooperation.

Very truly yours,

Dear Mr. Newman:

Re: Habcor, Inc.

This will acknowledge receipt of your letter of September 22, 1966.

Excepting direct sales to the United States Government, General Motors sells its cars only to authorized General Motors dealers with whom it has dealer Selling Agreements. I have no knowledge concerning Habcor, Inc.

Very truly yours,

MEMO TO FILE: December 12, 1967

SUBJECT: NABCOR CORPORATION
JENKINTOWN, PA.

Mr. Herb Dunham, City Manager, Philadelphia Zone, called this date to discuss a situation confronting the Fleet Department in the Philadelphia Zone concerning the delivery of cars to the Nabcor Corporation, 101 Benson Manor, Town Line and Old York Roade, Jenkintown, Pa. The principals operating Nabcor are a Mr. Anthony D. Maiorana and John (Jack) Snyder.

Mr. Dunham advised that this company has advertised in the New York Times offering new car franchises for $5000.00 and it is reported that in the course of their negotiations with participants, they infer that they will guaranty delivery of new G.M. products.

A dealer in Philadelphia delivered this company some 1967 Chevrolets under the Fleet Plan. This was done on the basis that the company qualified under the purchased quantity and indicated to the dealer that these would be used in their business.

Based on the qualification for purchases and the indication from the dealer that the company was going to use these in their business, we advised the dealer that they qualified under the Fleet Plan.

It now appears that registrations are not appearing to substantiate the use of the vehicles in the company's business and in view of comments from the individuals picking up the cars are that their brokers are leasing these vehicles.

Mr. Dunham is planning to have the Fleet Representative contact the account to determine how these vehicles are being used and also is alerting the dealers concerning this situation.

If our investigation and the dealer's investigation find that the units being purchased by Nabcor do not qualify under the Fleet Plan as written, then it will be referred to the Zone Manager for decision in the inclusion of this company under the Plan.

Per your request, am submitting below results of our investigation regarding the attached file forwarded to you by Al Power.

The company known as "Nabcor" is the National Automobile Broker Corporation, located at 2063 Suburban Station Building, 1617 J. F. Kennedy Blvd., Philadelphia, Pennsylvania 19103. This company is not listed in the Philadelphia telephone directory. However, it was learned that this company's address is 101 Benson Manor, Jenkintown, Pennsylvania, telephone number 885-2075.

It is reported that this company is operated by two individuals, one a Bill Nash, former salesman for Wolfington Chevrolet, Inc. in Philadelphia, who was fired by this dealer. The second individual's name was not determined but it is reported to be an Italian name and that he was formerly a Ford dealer in Philadelphia.

Contacts report that this company buys Fords for $15 to $20 over dealer invoice and that the units are rather easy to acquire with many dealers participating. It was indicated that three Chevrolets had been acquired by this company at $90 over dealer invoice.

It was also reported that this company operates as a broker in new cars and that it has been recently reported is in financial difficulty.

The main portion of the operation currently seems to center around New York City. However, it was not possible to obtain any information as to their address in the New York area.

It was not possible to obtain any information indicating that this company is endeavoring to franchise others to sell or lease new cars which they purchase.

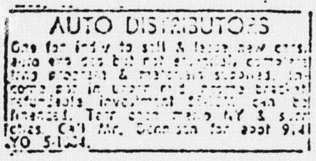
I received a call this morning from a Mr. Lloyd Colley of [illegible] 29th Street, New York (RA 1-6227), who was inquiring about the following advertisement which appeared in the Business Opportunities classified section of yesterday's New York Times:



AUTO DISTRIBUTORS

Mr. Colley answered the ad and met with a Mr. Dennison who said he represented the Nabcor Company of Philadelphia. Nabcor, he was told, distributes cars for General Motors, Ford and Chrysler corporations and they are offering exclusive territorial franchises to interested parties. Mr. Colley was told he could purchase such a franchise for $5,000.

In return for his investment Nabcor would fill orders for new cars for purchase or lease by customers he solicited. He was told that Nabcor received special fleet prices from the manufacturer to which $50 per car was added as its distribution fee. He was also told that special service arrangements had been made with auto dealers for Mr. Colley's customers to receive "preferential treatment" from local service departments.

On December 13, 1967, the writer and Mr. D. Speece, Chevrolet Fleet Representative, contacted Mr. A. B. Maiorana of NABCOR, Inc. for the purpose of discussing this accounts eligibility for the General Motors Fleet User Certificate.

Mr. Maiorana explained that at the present time, his leased vehicles are registered in the names of the Lessees and not in the name of NABCOR, Inc. We advised Mr. Maiorana that in order for him to qualify for the Certificate the required quantity of twenty new vehicles per year would have to be registered in the name of NABCOR, Inc.

During the conversation, our "Purchase Allowance" program was mentioned. Mr. Maiorana stated that at this time he was not interested in rebate programs and that he was satisfied with the purchase prices he had arranged with G. M. dealers.

Mr. Maiorana claims that all vehicle records are maintained at their Yonkers, New York office.

We left Mr. Maiorana with the understanding that he will contact us as soon as he feels he has registered sufficient vehicles in the name of NABCOR, Inc. to qualify for the General Motors Fleet User Certificate.

A photostat copy of the lease agreement is attached.

AUTUMN "SALON" AT M & T PLAZA TERRACE

It cannot be a big "do" because of the limited space, but from October 9 thru 13 there will be a limited number of new 1968 cars displayed on the terrace of the new 1 M & T Plaza...lovely cars....lovely new building. They should complement each other. Each car will bear an attractive sign carrying the names of BADA members who handle that make. BADA Director Paul Granville was asked by the Board of Directors to work out details with the M & T Trust Co., who will be our "host" for the occasion.

A RASH OF AUTO "BROKERS" HITS BUFFALO

Ever hear of "Nabcor"? "Multi Make Auto Sales"? "The Auto Livery, Inc."? "Dabs"? If not, you probably will. Here is some information about them.

"Nabcor", from information which we have, was set up by two brothers, Frank and Anthony Maiorana. They have been in the used car business in Pennsylvania, and Frank was manager of a Chrysler DE deal for a time. For $5000 (or $6000) they will set up an individual in business as an automobile "broker" and they say they will obtain for him any kind of a new car that a customer may want. They obtain their cars from franchised dealers and pay them, we are told, from $35 to $50 above dealer cost. Then they add $50 to the price before giving the car to the "broker", who now has a car $85 to $100 over dealer cost. The "broker" then sells it at a price to make a profit for himself. One source indicated that $170 above this is recommended.

Incidentally, "Nabcor" is registered as a dealer down around White Plains, N.Y. They also operate in the Philadelphia area. Their "franchise" holders operate as their "brokers" and therefore are not required to be registered as dealers. (We've gone over this with the Dept. of Motor Vehicles.)

"Nabcor" inserted a "business opportunity" ad in the Buffalo papers in August and apparently as a result thereof were successful in selling "franchises" to:

Multi Make Auto Sales, 1303 Union Road, West Seneca. The men involved are Don Bolling and Gary Kuhanek, former salesmen for Clements-Gillogly Chevrolet.

The Auto Livery, Inc., 4444 Main St., Snyder. The men involved are Eugene Novy and Peter Mollemat. Both Cornell Lab men, it is believed that Mr. Novy has left the Lab, while it is believed that Mr. Mollemat is still employed there.

> YOU SHOULD KNOW THAT recently a customer visited a dealer's showroom in the Williamsville area. After the salesman and the customer had concluded their conversation and the customer left, another man whom we were told had been in the showroom followed the customer out, apprehended him, and told him he could make him a "better deal". He gave the dealer's customer his card. It was that of The Auto Livery, Inc. The customer returned to the showroom and gave the card to the salesman.

more.....

Auto "Brokers" Hit Buffalo, cont.

We have written to The Auto Livery commenting on the unethical nature of this approach, and have sent a copy of the letter to the Better Business Bureau.

The Auto Livery is also offering 500 shares of stock at $50 a share. A shareholder has the "privilege" and option to purchase one new automobile at $100 above the cost to Auto Livery. This would appear to be in the neighborhood of $200 over dealer cost, and if you counted the cost of the "share" of stock, would be close to $250.

"Dabs" (for Discount Auto Brokers System) is a more recent comer to the scene. Under "business opportunities" in the local paper this New Jersey based outfit advertised for a "distributor". Among other things the ad said "Guaranteed income through our 50 percent profit-sharing plan. $10,000 investment".

It is our understanding that this outfit proposes to make a contact with one dealer in the local area for each make of car....to locate about 50 "bird-dogs" who would feed potential customers' names to the "distributor", who would then arrange for delivery thru the local dealer. What the "distributor" gets for his $10,000 we do not know.

This appears to be a plan similar to that which the G E X store on Walden Ave. originally tried to set up when it opened a few years back. That plan, due to the unwillingness of local dealers to cooperate with GEX, fell flat.

We cannot for the life of us think of any reason why a retail dealer would want to get involved in such a scheme. It would only defeat the very purpose for which you are in business. Sure hope YOU all feel the same way.

We might say that Buffalo is not the only area being solicited. An ad carried by a similar outfit in a southern newspaper says, among other things...."Select territories available from $5,500 to $25,000 investment refundable" (whatever that means).

The "stakes" seem to be getting higher and higher.

If information given us is correct, this plan of "merchandising" is not working well in one area where it has been in operation for some months.

AL IVES TAKES PONTIAC -- KEYSER BROS. TO BE CADILLAC EXCLUSIVE

Since January 1959 the Brothers Keyser -- Jim and Joe -- have handled both Pontiac and Cadillac at 75 Main St., North Tonawanda.

Very shortly now they will move to their newly constructed dealership at 4130 Sheridan Dr. near Harlem Rd., Amherst, where they will handle only Cadillac. (After they move we'll tell you about the building).

In the meantime, Al Ives has taken the Pontiac franchise heretofore held by Keyser Brothers...has leased both the property at 75 Main St., N. Ton. and the Keyser used car set-up at 9 Delaware, Tonawanda. He will operate as AL IVES PONTIAC, INC.

From 1964 until recently, Mr. Ives - a BADA Associate Member - had a used car operation at Main & Delavan. Previously for about 5 years he operated Al Ives Ford at Main and Lafayette.

[illegible]

Reference is made to our phone discussion on December 14th regarding a visit to the GM offices by a person endeavoring to see either Mr. Donner or Mr. Roche and who advised their firm's office was 508 General Motors Building, New York City.

The firm was represented to be primarily a leasing company -- NABCOR, Inc., whose new business address is Jenkintown, Pennsylvania.

Enclosed are several Fleet Department field reports covering this concern which date back to last January.

As a result of your phone call, a contact was made at this concern's home office the following day, at Jenkintown,, Attached is copy of our Mr. N. M. Karney's report covering this contact made on December 15, 1967.

I seriously doubt that we will have any further inquiries from subject concern. We are closing our file at this time.

GENERAL MOTORS CORPORATION

Date: December 15, 1967

To: Mr. A. T. Olson

Subject: NABCOR, Inc.
101 Benson Manor
Jenkintown, Pennsylvania

I have this date contacted Mr. Frank Maiorana or NABCOR, Inc., 101 Benson Manor, Jenkintown, Pennsylvania. The contact was made in their local office in Room 508 General Motors Building, New York, New York. The only persons in attendance were Mr. Maiorana and myself.

Mr. Maiorana was advised that this contact was the result of his recent conversation with Mr. Edward P. Belcher, Staff Assistant in the Office of the Chairman of General Motors Corporation, and I then requested information relative to NABCOR and the operation of same.

Mr. Maiorana advised that NABCOR was comprised of approximately 200 distributors operating as licensees of NABCOR, Inc. A contract was executed with each distributor, and this contract stipulated that NABCOR would supply the distributor with new vehicles for a specific dollar amount which Mr. Maiorana did not disclose. NABCOR then contacted automobile dealers in the distributor's area and obtained written agreements to supply automobiles for a specific amount over the dealer's actual invoice.

Each distributor was now in a position to offer automobiles under a lease-purchase contract to interested parties in his area. These lease-purchase contracts are normally written for a three-year period, and at the expiration of the three-year term, the individual can acquire full title for the sum of $1.00, or he can return the vehicle to the NABCOR distributor.

Mr. Maiorana then advised that he was experiencing difficulties in some areas with GM dealers failing to honor their commitments under the terms of the agreement between NABCOR and the dealer. He further advised that he could document a case wherein a Chevrolet District Manager in the Buffalo Zone had advised a Chevrolet dealer not to sell Chevrolet automobiles to NABCOR, Inc. Mr. Maiorana stated that he wanted this situation to cease as it could "explode" into serious problems as a result of the court action in California involving Chevrolet Motor Division.

I explained to Mr. Maiorana that all GM personnel were aware of that court decision, and GM sold its products to GM dealers, and GM dealers as individual businessmen were free to set their own terms and conditions for the sale of these products.

Mr. Maiorana then requested information relative to the GM Fleet Users Certificate. He was advised that there were a number of requirements, and all companies must meet these requirements to be eligible for consideration. Among these requirements was the operation of a fleet of sufficient size to involve the purchase and registration of at least twenty (20) vehicles annually with the implicit understanding that such vehicles would be used for the specific purpose for which they were acquired--that is, leased by a leasing company, owned and operated by a commercial company, etc.

Mr. Maiorana wanted assurance that if MABCOR met these requirements they would receive a GM Fleet User Certificate. I advised Mr. Maiorana that I could not give him such an assurance as approval of requests was made by our Central Office in Detroit. He was advised that I would make his proposal known to our Central Office for their consideration.

Very truly yours,

DATE January 3, 1968

Confirming our telephone conversation of this afternoon, Mr. Frank Maiorana visited this office again today. He reiterated his complaint that GM zone personnel were pressuring dealers who have tried to sell cars to NABCOR. He claimed some of the NABCOR distributors were contemplating legal action against GM and its dealers. He feels this could be avoided if NABCOR were given a GM Fleet User Certificate.

He expects to see Mr. Karney again tomorrow.

Mr. A. T. Olson

MABCOR, INC.

A conference was held in the Fleet & Government Sales Section office, 426 General Motors Building, New York, New York, on January 4, 1968 beginning at 3:20 p.m. and ending at 5:00 p.m. This meeting was attended by Mr. Frank V. Maiorana, President, Mabcor, Inc.; Mr. D. M. Fogg, Fleet Representative, Chevrolet Motor Division, New York Zone and M. M. Karney, Regional Director, Fleet & Government Sales Section, New York.

The conference was scheduled for 2:00 p.m. and Mr. Maiorana apologized for being one hour and twenty minutes late. I advised Mr. Maiorana that Mr. Fogg was present as a representative of Chevrolet Motor Division due to Mr. Maiorana's allegation in a conversation with me on December 15, 1967, that Chevrolet Motor Division personnel had interferred with Mabcor brokers in their purchase of Chevrolet passenger cars. I then asked Mr. Maiorana to supply the individual names of Chevrolet Motor Division personnel and Chevrolet dealers involved and specific dates and circumstances relative to his allegation. Mr. Maiorana declined to furnish any of the above information as he ".....did not want to get anyone in trouble." I assured Mr. Maiorana that General Motors did not intend to take punitive action against any employee, but the requested information was needed in order for Chevrolet Motor Division to correct the conditions included in his allegations. Again, Mr. Maiorana declined to provide any specific information and added the allegation that personnel of other General Motors Divisions were involved, and he did not want ".....to take the time to name names, dates and places today." He then advised that it would not be necessary to pursue these allegations if Mabcor, Inc., was granted a General Motors Fleet User Certificate.

At this time, information pertaining to Mabcor, Inc., was obtained from Mr. Maiorana for the purpose of completing form FS-95-C, Request for General Motors Fleet User Certificate, and this information is included in my letter to Mr. A. T. Olson, dated January 5, 1968, and the completed form FS-95-C attached to that letter. I advised Mr. Maiorana that his request for the General Motors Fleet User Certificate would be handled in the same manner as all other requests made by other companies, in that, it would be submitted to our Central Office for their customary review and advisement. Mr. Maiorana's only comment o this was that an early decision must be made, and he would like to have some information not later than January 10, 1968, as some of his brokers were pressing for legal action. Such an early decision would enable him to control the actions of any broker for Mabcor, Inc. I advised Mr. Maiorana that I did not have the responsibility nor the authority to make any decisions on his request, and under normal conditions, a decision on his request for the Certificate would take several weeks. He advised he would contact me on January 10, 1968 for information relative to the status of his request.

During the course of our conversation relative to the General Motors Fleet User Certificate, I asked Mr. Maiorana if he had had any contact with Mr. R. M. DiSimone of the Fleet & Government Sales Section in Philadelphia and he replied that he had not been in contact with Mr. DiSimone.

In concluding our conference, I again requested that Mr. Maiorana supply pertinent information relative to his initial allegation. He again declined and advised he would not supply any information until he had cleared it with his attorneys. At this point, he again indicated that a number of people were involved and included the allegation that Midtown Chevrolet-Pontiac Inc., New York, New York, had also refused to sell him automobiles. He advised that he had entered into an agreement with Don Allen Chevrolet to purchase vehicles, but when the operation changed to a Factory Branch, Midtown refused to sell them vehicles at any price. No comment was made to this allegation, but, for your information, Midtown Chevrolet-Pontiac. Inc., privileged matter deleted honored purchase orders placed for ten (10) Chevrolet passenger cars. Two of these vehicles were delivered to Nabcor, Inc. at the price included in the agreement between Nabcor, Inc. and Don Allen Midtown Chevrolet, and Midtown Chevrolet-Pontiac, Inc. has on file a letter from Nabcor, Inc. requesting cancellation of the eight (8) remaining Nabcor, Inc. purchase orders.

No additional comments were made and the conference concluded.

Very truly yours

Subject: NABCOR, INC.

This has further reference to our correspondence and telephone conversation regarding the subject account.

Today, during a telephone conversation with Mr. K. Womack, Zone Manager, Chevrolet Motor Division, Buffalo, New York, Mr. Womack stated that he had given his District Managers a copy of the bulletin issued by the Buffalo Automobile Dealers Association, dated September 29, 1967, in order for them to be familiar with the subject in the event the dealers made reference to it. I told Mr. Womack that I thought this was not the correct thing to do because some individual District Manager may not apply the information or interpret it in accordance with our policies. Mr. Womack is of the opinion that his District Managers have not mis-applied the information and claims he will discuss the subject with them again.

Mr. Womack also related the following information during a telephone conversation on December 21, 1967:

A Chevrolet dealership was approached by a NABCOR agent and offered an order for approximately 200 Passenger Cars. This took place shortly after the 1968 model announcement day. The dealer told the agent that he had never handled volume orders such as this and would like some time to consider the order before accepting it. Later the dealer advised the agent that he could not supply cars in large quantities as he was only alloted 6 or 8 cars a month and that he had decided against accepting the order. The agent became very angry and claimed that the dealer had been directed to refuse the order by someone in the Chevrolet organization.

E-58

He demanded that the dealer supply him with the names of the Chevrolet Zone office personnel. The dealer refused to comply and told the agent that it was his (the dealers) decision to refuse the order and that Chevrolet Motor Division had nothing to do with the transaction.

MEMORANDUM

A meeting was held in the Regional Fleet Section Office, 425-General Motors Building, New York, New York, at 1:30 p.m. on January 19, 1968. Attending this meeting were Mr. Frank Maiorana of Nabcor, Inc. and N. M. Karney of GM Fleet Section.

Mr. Maiorana wanted to know if the Request for Certificate had been approved or rejected and I advised him the request was still under advisement by our Central Office staff. He advised he wanted an answer by January 23, 1968 as he must give his Broker, who has asked for legal assistance, some information on or before January 23, 1968. I advised Mr. Maiorana I would contact Detroit and ask our office to provide a reply by the specified time.

I again reviewed the process normal to the handling of a Certificate Request and indicated the D&B Report was handled by other than GM personnel and hence it could take some period of time to complete our normal investigation. I also advised his request was being handled just as a similar request from Lease Plan International or Peterson, Howell and Heather would be handled.

Mr. Maiorana advised that if PH & H qualifies for our Certificate he feels Nabcor, Inc. would also qualify. I advised Mr. Maiorana that if PH & H only provided a management service and did not engage in leasing their qualification for the Certificate would be questionable. Such a management service would not comply with our terms, i.e., "......vehicles purchased and owned by the company and in which the company has the full investment during the normal period of service the vehicles are in company use."

Mr. Maiorana then attempted to debate the legal interpretation of the above definition and I advised him I did not have the legal background to engage in such a debate and the General Motors Legal Staff would be qualified to engage in such a debate.

LAL
K-5

I concluded the meeting by advising Mr. Maiorana that I would contact our Detroit Staff and inform them that he wanted a decision on his request by January 23, 1968. Mr. George Frink was immediately contacted by telephone and made aware of Mr. Maiorana's request.

To: Mr. N. M. Karney

Subject: NABCOR, INC.

Examination of request for General Motors Fleet User Certificate dated January 4, 1968 relative to Nabcor, Inc. indicates that the company is not eligible for a certificate. In order that full consideration may be given to the request for a certificate, the following further information should be obtained:

1. How many cars are regularly maintained by the company for continuous use in the conduct of the company's business? List and identify the vehicles showing: make, model, year, vehicle identification number, in what names and at what addresses registered, how long each car has been in continuous company use.
2. Number of company employes regularly using company-owned vehicles and location of such employes.

You also advised me regarding your contact of December 15, 1967 with Mr. Frank Maiorana. I noted that Mr. Maiorana remarked that some Chevrolet representatives had sought to induce dealers not to sell cars to his company, but he refused to provide any details in this connection although asked by you to do so. Any such conduct as that intimated, is contrary to General Motors policy. General Motors is not in a position to investigate the circumstances which Mr. Maiorana may have in mind, however, unless he furnishes requisite details such as names or persons, places, dates and other circumstances allegedly involved. If he does not furnish such information, it can only be concluded by us that there is no basis to support the conduct alleged.

Very truly yours,

Dear Mr. Karney:

I was sorry to receive the information in your letter dated January 31, 1968 in reference to obtaining a Fleet Certificate.

I would like to call to your attention that the question of Nabcor obtaining a Fleet Certificate was the result of my conversation with Mr. Belcher. Mr. Belcher agreed with me that obtaining such a certificate might correct a situation created by the General Motors employees in the Buffalo area.

It should be further pointed out, that the original purpose of my discussion with Mr. Belcher was to correct the actions of the General Motors dealers in the Buffalo area. From information supplied to me, it is my belief that these dealers were engaged in a concerted effort to prohibit sales to Nabcor distributors in this area, and that this effort was initiated as the results of actions on the part of General Motors employees. It was this latter condition that I was trying to correct when I first spoke to Mr. Belcher.

It seems apparent to me, that individual names need not be supplied to you in order to correct this condition. If you feel you can proceed no further on the information that you now have, our distributors, dealers, and ourselves will have to seek other avenues.

Sincerely yours,

RE: THE AD APPEARING IN OHIO PAPERS OFFERING INDIVIDUALS TO BE SUPPLIED WITH EVERY MAKE & MODEL NEW AUTOMOBILE TO BE SOLD OR LEASED TO THE RETAIL PUBLIC.

THE AD GAVE A NUMBER TO CALL.

THE NAME OF THE COMPANY IS NABCOR, INC. (NATIONAL AUTO BROKERAGE CORP.), GM BUILDING, 1775 BROADWAY, NEW YORK, NEW YORK; ALSO OF 101 BENSON MANOR, JENKINTOWN, PENNSYLVANIA & 1629 'K' STREET, WASHINGTON, D. C.

THEY REQUESTED THAT INFORMATION REGARDING THEIR OPERATION NOT BE DIVULGED.

NABCOR, INC. WAS FORMED BY A GROUP OF NEW CAR DEALERS WHO HAD GIVEN UP THEIR NEW CAR FRANCHISE AND FORMULATED THIS PLAN OF DISTRIBUTION. THEY ALSO STATE THAT THEIR LEGAL DEPARTMENT HAS CHECKED THE LAWS OF EACH STATE AND FIND IT TO BE LEGAL IN EVERY RESPECT.

THEY CLAIM THAT ANY PERSON LICENSED WITH NABCOR, INC. AS A BROKER COULD OBTAIN ANY MAKE OR MODEL OF NEW DOMESTIC CARS AT OR VERY NEAR TISSUE (DEALER'S INVOICE).

THE ENTIRE PROGRAM WAS BASED UPON THE FACT THAT THE BROKER COULD UNDERSELL THE LOCAL NEW CAR DEALER.

NABCOR IS A NEW YORK CORPORATION AND LICENSED AS A BONIFIDE MOTOR VEHICLE DEALER IN THAT STATE. THEY HAVE NO FRANCHISE AGREEMENTS WITH ANY MANUFACTURER BUT PURCHASE ALL THEIR VEHICLES FROM LARGE NEW CAR DEALERS. THEY CONTRACT TO PURCHASE A MINIMUM OF 200 NEW CARS ANNUALLY FROM EACH DEALER AT INVOICE. THIS BEING A FLEET PURCHASE, THE DEALER AUTOMATICALLY RECEIVES A 2% REBATE ON THE 200 UNITS WITH NO INVESTMENT OF ANY KIND AND NO RESPONSIBILITY OTHER THAN ENTERING THE ORDERS.

THEY CLAIM THEY HAVE NO DIFFICULTY IN OBTAINING ALL THE CARS THEY NEED.

AFTER NABCOR, INC. HAS ORDERED THE NEW CAR, THEY HAVE IT DROP-SHIPPED TO A NEW CAR DEALER IN THE LOCAL AREA OF THE BROKER AND IT IS DELIVERED TO THE PURCHASER FROM THAT POINT.

AS SOON AS THIS PLAN IS PUT INTO EFFECT IN ANY AREA, NABCOR, INC. CONTACTS

THE LOCAL DEALERS AND CONTRACTS WITH ONE DEALER FOR EACH MAKE OF CAR TO HANDLE THE "MAKE-READY" AND WARRANTY SERVICING OF THE CAR. THE CONTRACT WITH THE LOCAL DEALER PROVIDES A FLAT RATE ON THE "MAKE-READY" WHICH RANGES FROM $25.00 TO $40.00 DEPENDING ON THE MAKE OF VEHICLE EXCEPTING CADILLAC WHICH IS A FLAT $5[illegible]. THIS FEE IS ADDED TO THE INVOICE PRICE OF THE NEW CAR AND IS PAID BY THE BROKER TO NABCOR, INC.

ALL INVOICES FROM THE LOCAL DEALER ARE SUBMITTED TO AND PAID BY NABCOR, INC. THIS "MAKE-READY" FEE IS THE ONLY ADDITIONAL COST ADDED TO THE TISSUE. THEY CLAIM THAT LOCAL DEALERS ARE QUITE HAPPY TO TAKE ADVANTAGE OF SUCH AN ARRANGEMENT AS IT MEANS JUST THAT MANY EXTRA DOLLARS IN THE LOCAL DEALERS SERVICE DEPARTMENT INCOME WITHOUT ANY HEADACHES FOR THE LOCAL DEALER. HE HAS NO INVESTMENT OR STORAGE WITH WHICH TO BE CONCERNED.

IT IS REPORTED THAT NABCOR, INC. OWNS ITS OWN FINANCE COMPANY AND OFFERS COLLISION, HEALTH & ACCIDENT AND CREDIT LIFE INSURANCE. THEY PAY A RESERVE OF 1 1/2 % ON FINANCING AND 8% ON INSURANCE. THEY ALSO CLAIM THAT THERE IS NO RECOURSE PAPER INVOVLED.

THEY CLAIM THAT THE BROKER IS NEITHER A CAR DEALER OR A SALESMAN FOR A DEALER UNDER THE LAW BUT IS MERELY A PURCHASING AGENT FOR THE CUSTOMER. HIS COMPENSATION COMES FROM THE CUSTOMER AND FROM THE FINANCE & INSURANCE COMPANIES. IN THE CASE OF CAR LEASES, THE COMMISSION COMES FROM THE LEASING COMPANY OR THE BROKER MAY PURCHASE THE CAR AT INVOICE PLUS MAKE-READY AND LEASE HIS OWN CARS.

THE BROKER IS REQUIRED TO HAVE AN OFFICE, PREFERRABLY IN A BUSINESS BUILDING, BUT MAY BE IN HIS HOME IF PROPERLY SET UP. NABCOR, INC. PROVIDES THE BROKER WITH STATIONERY, MAILING PIECES, SIGNS, ETC. HE IS GIVEN A SIX WEEK TRAINING COURSE AT JENKINTOWN, PENNSYLVANIA AT THE EXPENSE OF NABCOR, INC. AND IS GIVEN SPECIAL ATTENTION IN THE BEGINNING BY REGIONAL SALES SUPERVISORS.

HE IS CONSTANTLY ADVISED ON NEW METHODS OF MERCHANDISING AND OPERATING TECHNIQUES. HIS EXPENSE OF OPERATION IS CLOSELY WATCHED TO MAKE CERTAIN HE STAYS WITHIN THE PRESCRIBED LIMITS ACCORDING TO HIS PHASE OF OPERATIONS.

THE BROKER OPERATES BY CONTACTING PROSPECTIVE CUSTOMERS FOR NEW CARS AND OFFERS TO PURCHASE ANY MAKE OR MODEL OF NEW DOMESTIC CAR FOR THEM. HIS MAIN SELLING SOTRY IS THAT HE CAN FURNISH THEM A NEW CAR AT A PRICE BELOW THAT OF THE LOCAL NEW CAR DEALER. THIS CAN BE ACCOMPLISHED DUE TO HIS EXCEEDINGLY LOW OVERHEAD.

NABCOR, INC. FURNISHES THE BROKER WITH A CURRENT DEALERS PRICE LIST AND A SUGGESTED RETAIL LIST WHICH WILL NET HIM AN AVERAGE OF $181.00 PER UNIT BASED UPON THE SALE OF 13 UNITS PER MONTH. AT THIS FIGURE, HE WILL BE SELLING AT LEAST $200.00 BELOW THE BEST LOCAL DEALERS PRICE.

IF ANY TRADE-INS ARE TAKEN, THE BROKER MUST WHOLESALE THEM OR SET UP LOCALLY AS A USED CAR DEALER. NABCOR, INC. SUGGESTS THE WHOLESALE ROUTE AND PROVIDES THE BROKER WITH A USED CAR PRICE LIST BASED UPON PRICES CURRENTLY BEING PAID AT AUTO AUCTIONS IN CANFIELD & COLUMBUS, OHIO AND ONE OR TWO AUCTIONS IN PENNSYLVANIA.

THE BROKER IS PROVIDED WITH PURCHASE ORDER FORMS SHOWING HIM TO BE A REPRESENTATIVE OF THE CUSTOMER WITH A BUILT-IN POWER OF ATTORNEY TO PURCHASE A DEFINITELY DESCRIBED CAR FOR A SPECIFIED AMOUNT OF MONEY. THESE FORMS ARE IN FIVE COPIES, THE LAST TWO CONTAIN A SECOND POWER OF ATTORNEY ON WHICH THE BROKER TRANSFERS HIS POWER OF ATTORNEY FROM THE CUSTOMER TO NABCOR, INC. THEY, AS DEALERS IN NEW YORK, MAKE THE SALE DIRECT TO THE CUSTOMER AND PROCESS ALL PAPERS IN THE [illegible]

AFTER THE CAR HAS BEEN DELIVERED LOCALLY, THE BROKER IS BILLED AT TISSUE PLUS "MAKE-READY" BY NABCOR, INC. AND HE SENDS THEM A CHECK IN THIS AMOUNT. THE CUSTOMER PAYS THE BROKER THE AGREED PURCHASE PRICE OF THE CAR. THE DIFFERENCE IS THE BROKER'S COMPENSATION. IF THE CAR IS FINANCED, THE BROKER RETAINS THE DOWN PAYMENT AND RECEIVES THE BALANCE OF THE DIFFERENCE FROM THE FINANCE COMPANY IF A DIFFERENCE EXISTS.

E-82

IN STARTING OUT AS A BROKER UNDER LICENSE WITH NABCOR, INC., THE BUSINESS IS CONDUCTED UNDER PHASES AS FOLLOWS:

PHASE I - BROKER IS PERMITTED A MONTHLY EXPENSE OF OPERATION NOT TO EXCEED $325.00. THIS INCLUDES OFFICE RENTAL, FURNISHINGS, TELEPHONE ANSWERING SERVICE & POSTAGE. STRICTLY A ONE-MAN OPERATION. MAILING PIECES (10) SENT OUT EACH DAY FOLLOWED UP IN THREE OR FOUR DAYS BY PHONE CALL. ALL PERSONAL CONTACTS BY APPOINTMENT. BROKER REMAINS IN THIS PHASE UNTIL HE IS SELLING 13 CARS MONTHLY.

PHASE II - BROKER PERMITTED MONTHLY EXPENSE OF OPERATION NOT TO EXCEED $550.00. THIS INCLUDES SAME AS ABOVE BUT ADDS SOME NEWSPAPER, RADIO OR TV ADS AND SETTING UP OF BIRD DOGS. MUST STAY WITHIN THIS BRACKET UNTIL HE IS SELLING 20 CARS MONTHLY.

Mr. R. M. O'Connor

Nabcor Company of Philadelphia

With reference to the advertisement which appeared in the New York Times on June 6, 1966, the following information has been made available to us through Chevrolet's investigation.

The company known as "Nabcor" is the National Automobile Broker Corporation, located at 2063 Suburban Station Building, 1617 J. F. Kennedy Blvd., Philadelphia, Pennsylvania 19103. This company is not listed in the Philadelphia telephone directory. However, from a Chevrolet dealer it was learned that a representative can be contacted by calling telephone number Lo. 8-5115. From another dealer, it was learned that this company's address is 101 Benson Manor, Jenkintown, Pennsylvania, telephone number 885-2075.

It is reported that this company is operated by two individuals, one a Bill Nash, former salesman for Wolfington Chevrolet, Inc. in Philadelphia, who was fired by this dealer. The second individual's name was not determined but it is reported to be an Italian name and that he was formerly a Ford dealer in Philadelphia.

Contacts report that this company buys Fords for $15 to $20 over dealer invoice and that the units are rather easy to acquire with many dealers participating. It was indicated that three Chevrolets had been acquired by this company at $90 over dealer invoice.

It was also reported that this company operates as a broker in new cars and that it has been recently reported is in financial difficulty.

The main portion of the operation currently seems to center around New York City. However, the contacts were unable to furnish any information as to address or telephone numbers in the New York area.

If you feel that further information would prove helpful and it would be in order to make a more extensive investigation, we possibly could have a representative of one of the Divisions contact the Mr. Dennison referred to in the ad, without divulging his connections. However, this might be an action that would place us in an investigation area about which Mr. Roche made statements to the Senate Subcommittee.

SUBJECT NABCOR

TO Memorandum to File ADDRESS

The subject company was initially brought to our attention by means of a letter dated June 7, 1966 written by Mr. P. J. Wetzel of the New York Public Relations Staff to Mr. Paul E. Svoboda. Copies of Mr. Wetzel's letter were directed to various offices of the General Motors Corporation.

The Sales Section was able to secure some information on this operation through Chevrolet Motor Division. It was reported to us that the company referred to as "Nabcor" is the National Automobile Broker Corporation, 2063 Suburban Station Building, 1617 J. F. Kennedy Blvd., Philadelphia, Pennsylvania 19103. This company and this address are not listed in the Philadelphia telephone directory. It was learned, however, that the company has a Jenkintown, Pennsylvania, address -- 101 Benson Manor, telephone number 885-2075.

The report indicated that this company is operated by two individuals -- Bill Nash, former salesman for Wolfington Chevrolet, Inc., in Philadelphia, who was discharged by this dealer; and a second person whose name was not determined but is reported to be of Italian extraction and a former Ford dealer in Philadelphia.

Chevrolet's contacts report that Nabcor buys Fords for $15.00 to $20.00 over dealer invoice and that cars are easy to acquire with many dealers participating. Further, that Nabcor had been able to acquire three Chevrolets at $90.00 over dealer invoice and that the company operates as a broker and has been in recent financial difficulty.

The operation currently seems to center around New York City but it was not possible to secure any information on a New York area address.

The matter was discussed on the telephone with Mr. P. J. Wetzel who informed us that Mr. Lloyd Colley, referred to in his letter to Mr. Svoboda, had called on him by telephone to make inquiry concerning the ad in the New York Times. Mr. Colley described his experience in answering this ad and wished to know if General Motors was aware of the arrangement in which Nabcor was offering exclusive territorial franchises to interested parties who would make a franchise investment of $5,000. It is our understanding that Mr. Wetzel informed Mr. Colley that we were not aware of such an arrangement and briefly outlined to him our method of distribution. Mr. Colley informed Mr. Wetzel that he had also made inquiry on this matter with the Better Business Bureau in New York. Mr. Colley did not request a letter from General Motors in regard to the matter.

This company was checked with the Fleet Section of General Motors and their records revealed no information. The company is not a General Motors Fleet certificate holder nor does the Fleet Section have any record of any communication or request from this company.

On June 27, 1966 we received a letter from Mr. H. C. Pratt of the Pontiac Motor Division to which he attached a letter from the Pontiac dealer in Newburgh, New York, Mr. R. G. Lanthier. Mr. Lanthier indicated in his letter that Nabcor had appointed an agent in Newburgh, New York, and that Nabcor's agent was having difficulty with the Motor Vehicle Department. A Dun and Bradstreet credit report on Nabcor, Inc. was attached to Mr. Lanthier's letter and indicates an address of - 1405 Locust Street, Philadelphia, Pennsylvania. The credit report indicates starting capital for this company at $35,000 and that there are now four agents with a target of approximately fifty agents in the first year of operation.

Dear Frank:

It is important that we do not let Blitz get cold on the idea of our arrangement, so I suggest you expedite the first group of orders, and especially those for Chevrolets and Oldsmobiles.

Please do not take any orders for Corvettes as we have been advised by New York that the demand hasoverwhelmed the factory and they will not accept any more orders from overseas.

I will keep you posted as to my trip to Philadelphia, assoon as it becomes firm.

With best regards,

Bert

Dear Frank,

I am leaving for New York on Thursday night and can meet you in New York on Friday or talk to you on the telephone in Philadelphia over the weekend. It would be a good idea for you to call me at 9.30 P.M. at the apartment of the friend with whom I will be staying in New York on Thursday night. His name is Morton Price and his address is 222 East 19th Street in New York City. I am sure that you can get the number from the operator. We can then make an appointment to get together.

Looking forward to talking to you soon, I am,

with best regards,

Bert

Dear Frank:

The situation with Cadillacs is impossible for the immediate present. However, I have been able to reduce the amount charged you to $ 65.- over cost on Buicks, Oldsmobiles and Chevrolets. I will try and do the same with Pontiacs and let you know about this.

I will like to see some start on this as quickly as possible, so that I can convince the distributors that this system is worth their effort. Will you please advise me if you can begin sending me a few orders.

Best regards,

Bert

Mr. E. Cole, President

General Motors Building

Dear Mr. Cole,

On July 15, 1969 I placed an order for a 1970 Corvette with a broker in Detroit who was representing Nabcor of Oakland, Inc. a fleet dealer in Pennsylvania. To this date I still have not received delivery on the car or a refund of my $600 deposit which I have asked to be returned to me on several occassions. At this point I am extremely disappointed in the performance of Nabcor and Chevrolet. I have not even been able to ascertain for certain that my order was even placed. The reason I say this will be obvious from the brief history I have attached. Mr. Cole, I would like your assistance and investigation of this matter. I am sure that you will agree that a year is certainly an unreasonable length of time to wait for the delivery of a new car. At this point, I would like my deposit returned in full. I have lost a potential one year's interest on this money, the 1967 Oldsmobile I was going to sell to help pay for this car has depreciated and even the value of the car I have placed on order and not received has depreciated very substantially. In real money, I estimate that I stand to lose a minimum of $1000. This does not seem to me a very good way to do business and to maintain consumer faith in your products and dealers.

I have had legal counsel and was advised that on the basis of the contract I signed (and which I have included) and the fact that no delivery date was promised, that I would have to go to some personal expense to attempt to recover my deposit. I feel that I have no other recourse at this time other than to ask for your aid in this matter.

Very truly yours,

Mark Stolarski

Chronological History of Attempted New Car Purchase

July 15, 1969	Signing of contract and acceptance of offer and deposit between Mr. M. A. Stolarski and Mr. B. G. Bodiya, broker, representing Nabcor of Oakland, Inc. At this time it was assumed that the introduction of the 1970 Corvette would be in late September, as historically done in past years and that delivery would take about 4 months or sooner after the introduction date.
January, 1970	From July to December there was no communication between myself and Nabcor; any information that I learned about introduction dates, etc. concerning Corvettes I read in the newspapers. In early January I requested a return of my deposit through Mr. B. G. Bodiya. At this time I was told that I could not have my deposit back because my order had been placed for some time by Nabcor's associated fleet dealer. I was also told at this time that production started on the 1970 Corvette, December 20th.
February, 1970	In late February, Nabcor communicated through their broker that the Chevrolet production schedule called for the car to be built in 6 to 7 weeks. At this time the broker said he was going to request that the car be courtesy delivered to Shore Chevrolet in Detroit.
May, 1970	In early May, I asked Nabcor, through their broker, to trace the car. Nabcor communicated back that through one of their dealers they had found that the car had been built prior to May 1 and it was in the hands of the Transportation Department and that Nabcor was expecting delivery at any day. On approximately May 18, I called Nabcor direct and talked to Mr. Tony Maiorana who was handling the account and he assured me that I would have my car well before the end of May.
May 25, 1970	I called Judy at the Chevrolet Zone Office and explained to her that over three weeks was an unreasonable length of time to anticipate delivery of a new car after it had been built and asked for her office's assistance.
May 26, 1970	The Chevrolet Zone Office instructed me to call Mr. Eric Wamsler of Shore Chevrolet and that he could give me some assistance. When I called Mr. Wamsler to explain the situation and that I was told that they were going to get a courtesy delivery on my car, he expressed great surprise. Mr. Wamsler explained that when a car was scheduled for a courtesy delivery, the dealer designated as accepting this delivery is contacted before the car is built and asked if they will accept the delivery. Mr. Wamsler confided that this was not done in this instance and that perhaps I had been given some erroreous information. I then called the broker and told him what had been explained to me by Mr. Wamsler.

May 28, 1970	The broker called me and said that he had talked to Nabcor. Nabcor said that what Mr. Wamsler said was not entirely true and that they could not understand what the delay was but that they would, in the meantime, attempt to locate a replacement car.

Dear Miss McDonald:

This has reference to your 1970 Chevrolet, bearing serial Number 164390Y113026. Please be advised that your car has been inspected by a Representative of Chevrolet Motor Division. He has declined responsibility on two points.

A - The Warranty Book was not transferred into your name. We have information that leads us to believe you are the second owner and Mabcor, Inc. was the original purchaser.

B - Product responsibility can not be determined at this time. The transmission would have to be disassembled on a cash basis, pending inspection of possible cause of failure.

Hoping the above information will clarify our position in this matter.

The Honorable John O. Henderson
Chief Judge for the Western
District of New York
United States Court House
64 Court Street
Buffalo, New York 14202

Dear Judge Henderson:

As you requested during our recent telephone conversation, I am submitting herewith a brief outline of the anticipated scope, duration and schedule of our antitrust Grand Jury investigation.

Traditionally, antitrust investigations are detailed and protracted in scope and duration. This investigation will be no exception. We expect to produce extensive documentary and testamentary evidence before the Grand Jury.

We are ready to examine our first witnesses as soon as a Jury can be impanelled. Thereafter, a few months (without any sessions) will be needed to examine documents. After the documents have been thoroughly analyzed, we plan to present the bulk of our testamentary evidence to the Jury. While the final schedule of these sessions will be formulated according to the convenience of the Court and Jury, we currently anticipate five consecutive days of full-time sessions every two or three weeks. Before making a final submission to the Jury, the evidence must be evaluated, summarized and submitted to the Assistant Attorney General with the recommendation of the staff. During this period, which often consumes several months, few, if any, sessions will be held.

J-107

Our overall projection, therefore, is for an investigation that will require a Jury to be available for the full eighteen months. It should be noted, however, that our best present estimate is that, over this period of time, the Jury will be in session only approximately thirty-five days.

Sincerely yours,

RICHARD W. McLAREN
Assistant Attorney General

Re: Possible Anti-Trust violations by General Motors Corporation

Dear Sir:

This office was contacted on February 1, 1968 by Mr. Dale Strimple who is a partner in a firm called General Auto Sales and Leasing Corporation which has its offices at 5247 Broadway, Lancaster, New York.

Part of his business involves purchasing fleet quantities of automobiles from retail dealers at a small markup over dealer's costs, for resale to his customers. The fleet rates are apparently fixed nationally.

General Auto Sales have experienced considerable difficulty in obtaining General Motors cars, apparently through the efforts of Buffalo Sales Zone Division of General Motors. This Buffalo Zone covers virtually all of the Northern and Western New York dealers. In several instances, General Auto Sales has arranged for the purchase of various quantities of General Motors cars and then been notified within a few days that the sales would have to be cancelled.

Several of the dealers have indicated that the reason for the cancellation was that General Motors would curtail deliveries to them if they did business with General Auto Sales or any other similar businesses. Among other things, the Buffalo Zone issued a memorandum to its dealers, which can be obtained and furnished by Mr. Strimple, cautioning the dealers against doing business with automobile "brokers", such as General Auto Sales.

Mr. Strimple is of the view that the actions of
the Buffalo Zone are in violation of the recent Supreme Court

to investigate this matter.

DEPOSITION OF

RICHARD B. ARNOLD

I. Plaintiffs' Designations of Deposition Testimony

II. Defendants' Objections to Plaintiffs' Designations

III. Defendants' Cross Designations

IV. Plaintiffs' Objections to Defendants' Cross-Designations

A. Yes, it was.

Q. And, how long did you stay, then?

A. I stayed with the firm until September, '68, and I rejoined the firm in January of '69.

Q. And, how long did you stay, then?

A. November of '69.

Q. You rejoined in November of '69?

A. I left in November of '69.

Q. Oh, you left in November of '69.

MR. KAPLAN: Carl, a question or two on voir dire.

MR. PERSON: Yes.

MR. KAPLAN: Did you, Mr. Arnold -- strike that. In the period 1961 to 1964 was the dealership to which you are now referring as Bob Bain known by that name?

THE WITNESS: No, it was known as Bill Tunkey Chevrolet.

MR. KAPLAN: And, Bill Tunkey owned an interest in that dealership?

THE WITNESS: Yes.

MR. KAPLAN: Okay. Now, when did it become Bob Bain Chevrolet?

THE WITNESS: March, in 1967.

MR. KAPLAN: Thank you.

(Discussion off the record.)

MR. TISDALL: In approximately 1961 Bob Bain became a stockholder of William Tunkey Chevrolet. The only other shareholder, I believe, was William Tunkey, although it may have been -- there may have been -- Motors Holding Division may have been a stockholder at that time, I'm not sure about that. Prior to March, 1967

MR. PERSON: Excuse me, may I interrupt? It's sort of critical at this point, it isn't a division, is it, it's a corporation?

MR. KAPLAN: It's a division.

MR. PERSON: It is?

MR. KAPLAN: Strike that, I'm not sure it is.

MR. TISDALL: Motors Holding is a division.

MR. PERSON: I thought there were a Motors Holding Corporation, okay, go ahead.

MR. TISDALL: Bill Tunkey sold his interest in Bill Tunkey Chevrolet prior to March, 1967, and Bob Bain became the only stockholder, Except, perhaps, Motors Holding Division. In 1967, March of 1967 Bob Bain Chevrolet, Inc., a Delaware corporation, was organized, and it acquired the assets of Bill Tunkey Chevrolet. Bob Bain Chevrolet was -- started operating at 5111 Transit Road from March, 1967.

MR. PERSON: Okay. Thank you.

MR. TISDALL: And, let me just add, as you know from the interrogatories, Motors Holding Division is a shareholder of Bob Bain Chevrolet, the Delaware corporation.

MR. PERSON: Right. Thank you. Do you know if that ownership extends up to the present day?

MR. TISDALL: I don't know.

MR. PERSON: But, at the answering of the interrogatories you believe it was?

MR. TISDALL: Oh, yes.

. . .

Tunkey Chevrolet, was it Bill Tunkey Chevrolet you rejoined?

A. Yes.

MR. PERSON: Do you know of any difficulties, do you know of any warranty problems that Bob Bain Chevrolet was having with General Motors?

MR. KAPLAN: I object to the form, you can answer that.

THE WITNESS: Oh, yes, he had warranty problems.

MR. PERSON: Could you describe what they were?

MR. KAPLAN: Let's establish the time periods first.

BY MR. PERSON:

Q. When did these problems first develop?

A. In the new building, '68.

Q. March of '68 or after?

A. Went back to late '67.

Q. Could you tell me what these warranties --

MR. TISDALL: Excuse me, you weren't there in late '67, were you, Dick?

THE WITNESS: I left there, I think, in October.

MR. TISDALL: Well then --

THE WITNESS: Or, it could have been earlier than October that he started to run into some problems.

MR. TISDALL: But, what you're talking about is sometime when you were at Bob Bain Chevrolet?

THE WITNESS: Yes.

MR. PERSON: Could you describe what these problems were?

THE WITNESS: Well, got to the point where we'd have to have factory people on the premises to okay warranty work.

MR. KAPLAN: Had to have what?

THE WITNESS: Factory people on the premises to okay warranty work.

MR. PERSON: Does that mean personnel employed by General Motors were on the premises during what period?

THE WITNESS: I can't recall, Carl.

MR. PERSON: In 1967?

THE WITNESS: '67, '68.

MR. PERSON: And, what was their purpose there?

MR. KAPLAN: Object to the form.

MR. PERSON: Do you know what their purpose was?

THE WITNESS: The purpose was to authorize the warranty work.

BY MR. PERSON:

Q. And --

A. This is normal, this can happen in an auto agency where warranty tends to climb above the norm, and people from the zone, your zone service people, come in and work with the service manager to try to adjust the prices of warranty work to get it back down into zone averages.

Q. Did you ever speak --

MR. KAPLAN: Excuse me, on voir dire. How do you know there were problems about warranty work between Bain and General Motors?

THE WITNESS: Well, you could sell a car and have your customer come back with a particular warranty problem, and the customer would return to the service department, and he couldn't get his warranty work done until the dealership brought service people in from the Chevrolet zone to authorize that work. Otherwise, our service manager lost his authorization to do that work.

MR. KAPLAN: Do you know about that, because customers to whom you sold cars told you it happened?

THE WITNESS: And, the service manager.

MR. KAPLAN: And, the service manager?

THE WITNESS: Service writers.

MR. KAPLAN: In that period was every warranty claim held up until factory personnel came to Bain Chevrolet?

THE WITNESS: Pretty much.

MR. PERSON: He didn't say came to Chevrolet, they were on the floor of Bain Chevrolet.

MR. KAPLAN: Is it your testimony there were GM factory personnel on the floor of Bob Bain Chevrolet for a period of time here?

THE WITNESS: Yes, for a lengthy period of time.

MR. KAPLAN: How long a period of time?

THE WITNESS: I can't recall.

MR. KAPLAN: How many people were there from the factory?

THE WITNESS: One.

MR. KAPLAN: One. And, did you see him?

THE WITNESS: Talked to him all the time.

MR. KAPLAN: Saw him every day?

THE WITNESS: Yes.

MR. KAPLAN: And, you don't know how long he was there, is that right?

THE WITNESS: No, I don't.

MR. KAPLAN: Do you know who he was?

THE WITNESS: His name was Lloyd English.

MR. KAPLAN: Did he ever tell you what he was doing there?

THE WITNESS: Oh, yes.

MR. KAPLAN: What did he tell you?

THE WITNESS: He was supervising warranty work, authorization for warranty work.

MR. KAPLAN: May I inquire, where was it that this Lloyd English from General Motors spent his time?

THE WITNESS: In the service write-up area.

MR. KAPLAN: He didn't spend it in the showroom?

THE WITNESS: No.

MR. KAPLAN: Did you ever see him in the showroom?

THE WITNESS: Occasionally, going to the men's room or something like that.

MR. KAPLAN: Okay.

MR. PERSON: Do you know of any Motors Holding Company personnel that had any relationship with Bob Bain?

THE WITNESS: Yes.

BY MR. PERSON:

Q. Do you know the names?

A. Mr. Robert Kurtz, K-U-R-T-Z.

Q. Anyone else?

A. Mr. Robert Lilly, L-I-L-L-Y, there is two other fellows I can't recall, Carl.

Q. Have you talked with Robert Kurtz?

A. The last time was about two or three years ago.

Q. Did you talk about Nabcor or General?

A. No.

Q. Do you know if any of these individuals visited the premises of Bob Bain Chevrolet during 1967 or 1968 regularly?

A. Sure.

MR. KAPLAN: Object to the form.

MR. PERSON: About how often, how often?

THE WITNESS: Pretty much on a once-a-month basis.

BY MR. PERSON:

Q. Do you know which person or persons? Did Mr. Kurtz do this?

A. Yes.

Q. Did Mr. Lilly do this?

A. Yes.

Q. Did they ever come together?

A. I can't recall.

Q. Were they ever -- was either of them ever with either of these two other persons you referred to?

A. I can't recall that, Carl.

Q. Did you ever talk with Mr. Kurtz or Mr. Lilly concerning warranty problems?

A. Can't recall that.

Q. Do you know if they were directors of Bob Bain Chevrolet?

A. No.

Q. You don't know?

A. I don't know.

Q. Do you know if either Mr. Kurtz or Mr. Lilly talked with employees of Bob Bain other than Mr. Bain himself?

A. Yes, I do.

Q. Could you describe what they -- how -- what they do?

A. They're Motors Holding accountants.

Q. Whom did they talk with?

A. At a business level, they would talk to the secretary-treasurer, LeRoy Schweinsberg and talk with Bob Bain.

Q. Do you know if they reviewed the books of Bob Bain?

A. Sure.

Q. Do you know if they -- did you ever see any of them looking over orders, car orders?

A. Not that I recall.

Q. Where was --

MR. KAPLAN: Excuse me, how do you know they looked over books of Bob Bain?

THE WITNESS: Well, they would use the conference room upstairs, and they had the books out, balancing all the books or whatever an accountant is supposed to do.

MR. KAPLAN: Financial records?

THE WITNESS: Yes.

MR. PERSON: When was the last time you saw any of these persons from Motors Holding Company over at Bob Bain Chevrolet?

THE WITNESS: Had to be within the last one or two months before I left the firm.

BY MR. PERSON:

Q. When was the first time you saw any of them?

A. Before Bob went to Broadway, or when he went from Broadway to --

Q. So, you first saw one or more of these persons at the old place of business?

A. Yes.

Q. Of Tunkey?

A. Yes.

Q. And, you saw one or more of these persons regularly once a month, approximately throughout the whole period?

A. Yes.

DEPOSITION OF
JOHN J. SNYDER

I. Plaintiffs' Designations of Deposition Testimony

II. Defendants' Objections to Plaintiffs' Designations

III. Defendants' Cross Designations

IV. Plaintiffs' Objections to Defendants' Cross-Designations

Q. Specifically, do you remember talking to anyone connected with G.M. around January of 1968 about the delays on delivery of three Chevrolets ordered from Rohrer?

A. I would have to see the records. You said January of what?

Q. 1968.

A. '68?

Q. Let me read you a paragraph and ask you if this refreshes your recollection. The statement reads, "There were three other cars in question. Bill McIntire of Rohrer Chevrolet said that they had been ordered but he could not get information from the zone. He suggested that NABCOR consult zone and talk to Dave Speece. Mr. Speece is his zone man for Chevrolet Division of General Motors. Mr. Speece and Mr. DiSimone, his superior, have visited our office a month prior to this. They talked to Anthony Maiorana and wanted information on the NABCOR system." Does that refresh your recollection about any conversations you may have had with Chevrolet about delayed deliveries from Rohrer Chevrolet in January or February of 1968?

A. I can't be specific as to time, but I know there were cars that should have come in and didn't come in, and I contacted McIntire -- that is Mr. McIntire, the fleet manager -- and he told me to call Speece. That is correct. Mr. McIntire said that they had orders no to sell any more automobiles, and I said, "Well, where did these orders come from?"

He said, "The zone. If you want any information on it, you will have to talk to Mr. Speece

So I called this Speece, I guess it was and I believe I questioned as to price, was it the fac that we weren't paying enough, or could we pay more fo them, or something like that. The indication from him was that it wasn't a matter of price, that we weren't fleet, that we didn't have a fleet number with Chevrol I said, "Well, then we will buy them without fleet." think what happened here -- Let me see if I can recall they were selling us cars --

Q. When you say, "They," who do you mean?

A. Rohrer Chevrolet was selling us cars, and then -- and it may have been these three orders that started th ball rolling on this particular aspect of it -- then they called and told us that they couldn't sell us any more cars.

Q. By "they", you mean Rohrer?

A. Rohrer Chevrolet.

Q. Are you referring specifically to Mr. McIntire?

A. Yes.

Q. Did anyone else from Rohrer tell you they wouldn't sell you any cars?

A. No. He is the fleet manager down there.

Q. Go ahead, please.

A. It was something to the effect that they would not give them additional cars. When I say, "they," I mean the zone would not give Rohrer additional cars if they sold the cars to us, meaning NABCOR.

Q. That is something you heard from Mr. McIntire?

A. McIntire, right.

Q. Then Mr. McIntire told you that you should call Mr. Speece? Is that what happened?

A. Yes. He said, "If you want to know any more about it, call Mr. Speece." I am trying to think of what Speece and I discussed.

Q. Tell me everything that you can remember about your discussion with Mr. Speece.

A. If I say something, I am only going to be guessing at it. I don't really know.

Q. Do not guess. You do not know what you discussed with Mr. Speece?

A. I can't recall.

Q. You cannot recall what you discussed with Mr. Speec

A. Right. I believe I talked to Speece, but I am not sure exactly what was said on the phone.

Q. To the best of your recollection, about when was it that this incident with Rohrer Chevrolet that led to your calling Mr. Speece took place?

A. I would only be guessing.

Q. If I said early 1968, would that refresh your recollection?

A. It probably was around that time, yes. It was either late 1967 or early 1968.

Q. In fact, NABCOR had been buying Chevrolets from Rohrer Chevrolet some time before you had that conversation; isn't that true?

A. Oh, yes.

Q. NABCOR continued to buy Chevrolets years after you had that conversation with Rohrer?

A. Then it wasn't early '68, no, when they cut us off. They cut us off -- when this incident that I am talking about -- now, when you are talking about Speece, that is a different story, but I am talking about an incident with McIntire when McIntire gave me this information, no, we didn't get any more cars.

Q. So then Mr. McIntire on the occasion to which you just referred, the occasion after which you didn't get any more cars, did not tell you to call Speece; that happened some time earlier?

A. It is possible. It is possible that that happened earlier, yes.

Q. How many times did you talk to Mr. Speece concernin
Rohrer?

A. As I told you, I am not -- you know, I am vague about talking to Mr. Speece at all. I may have talked to him once. I may have talked to him five times. I don't know really. I had dealings with McIntire regularly. I don't know if Speece is the gentleman that wa
with the other fellow.

Q. With Mr. DiSimone?

A. DiSimone. That is the only time I think I ever sa
the man. I may have talked to him on the phone a numbe
of times; I don't know.

Q. Did you talk to anyone besides Mr. Speece about Rohrer? -- that is, anyone who was employed by G.M.?

A. I don't believe so.

Q. You are not certain that you spoke to Mr. Speece; is that correct?

A. Not absolutely certain. I may have spoken to him, but I am not sure I spoke to him.

Q. If you spoke to him, you just don't remember what he said; is that true?

A. Well, I probably -- I could guess if you want me to guess.

Q. I am not asking you to guess. I am asking what yo remember.

A. Truthfully, I don't know. If I said anything, I would be guessing at it.

Q. In any event, there came a time in your relationship with Rohrer Chevrolet when Rohrer stopped selling you cars?

A. Yes.

Q. At any time prior to that had you any contact with anybody connected with G.M. about Rohrer selling you cars?

A. No.

Q. After that did you have any contact with anyone at G.M. about Rohrer selling cars to NABCOR?

A. I don't believe so.

Q. So when you stated a little while ago that Mr. McIntire told you that the zone wouldn't give Rohrer additional cars if they were going to sell them to NABCOR that was Mr. McIntire's statement to you; is that right?

A. It was Mr. McIntire's statemnt from me, but it was Mr. McIntire who was told this by someone from the zone Now, I don't recall whether it was Mr. Speece or who, but it was Mr. McIntire who told me it was the zone roa man that told this to Mr. McIntire.

Q. However, you weren't there when Mr. McIntire talked to anyone from G.M. about this?

A. No.

Q. So that you are just reporting what he told you, what Mr. McIntire told you?

A. Right.

Well, I said, "Why?" You know, we were buying cars from them for a long time, didn't appear to be any difficulty that I could see. Then for someone all of a sudden to tell you, "We are not going to sell you any more cars," naturally, you say, "Why?"

He said, "We got the word from the zone." Not the zone manager; but the road man that comes around to the agents. They have a regular guy that comes around to the agents every month or two, and he gave the word to cut us off.

Q. You don't have any firsthand knowledge as to whether anybody from G.M. told Rohrer to cut you off or not, do you?

A. Other than what McIntire -- and another girl there told me that, also. I don't know her last name. Her name is Hilda. She was a secretary to Mr. McIntire in the fleet department.

Q. What did she tell you?

A. She told me the same thing, that they were instructed by the zone not to sell any more cars.

Q. I thought you said earlier that what McIntire said to you was that he couldn't sell you any more cars because the zone wouldn't give Rohrer additional cars if Rohrer was going to sell them to NABCOR. Isn't that what he said?

A. Yes.

Q. That is not quite the same thing. He didn't say that the zone told him he couldn't sell any more cars to NABCOR did he?

A. Well, in essence it is the same thing.

Q. In fact, what he said was that he wasn't going to sell you any more cars, he couldn't sell you any more cars, because the zone wouldn't give Rohrer additional cars if he sold them to NABCOR; is that correct?

Q. Let me ask you about one or two specifics in connection with Rohrer Chevrolet and the problem with late delivery on three cars that had been ordered from Rohrer Chevrolet. Did you talk to Mr. Speece at the zone office and did he tell you that the reason for the delay is that the orders had not come in on time and they would have to go into the next month's allottment?

A. It is possible.

Q. However, you don't recall?

A. No.

Q. It is correct that you don't recall?

A. That's correct.

Q. In connection with this same incident, you recall no conversation with Mr. Speece at all; is that right?

A. Right.

Q. You don't recall whether Mr. Speece told you that the zone had stopped the cars that were going to be sold to NABCOR, do you, sir?

A. I remember something like that, but I truthfully don't know. I remember some conversation along those lines, but I honestly can't say I remember the specifics of it.

MR. KAPLAN: Could we please have this document, which is a two-page copy of handwritten notes, marked as Snyder Exhibit 2.

(Two pages of handwritten notes marked Snyder Exhibit No. 2 for identification.)

Q. Mr. Snyder, I show you Snyder Exhibit 2 and ask you if that is your handwriting on it.

A. Certainly looks like my handwriting, yes.

Q. I ask you to look at this document and to read the whole thing, and particularly the second page. I will ask you if you now recall to what it refers.

A. Yes. These were cars that we ordered for brokers in Buffalo, New York.

Q. You are referring to the order numbers in the middl of the page; is that correct?

A. Well, the first ones are our order numbers. SAPO are our order numbers. The second number is Rohrer's order number.

"These cars held up by Mr. David Speece, Chevy Division General Motors." That is my writing.

Q. Do you recall when you wrote those notes that are on Exhibit 2?

A. There is only one thing here. This, you mean?

Q. Exhibit 2 is the whole two-page document.

A. This thing here?

Q. Yes.

A. All I could say was that would be some time after 12/4/67. Those were the dates they were ordered, so, therefore, it must have been after that date. To give you a specific time, no, I couldn't do that.

Q. Do you recall why you wrote the comments that appear on the second page of Exhibit 2?

A. It is very possible that Mr. McIntire gave me Mr. Speece's name as the one holding this thing up at General Motors.

Q. However, you don't recall?

A. I couldn't say definitely, but if I have his name here, then chances are good that this is where I got my information from, Mr. McIntire. I aon't where else I would get it, in other words.

Q. You didn't get it from Mr. Speece, did you?

A. I could have gotten it from both of them, to tell you the truth. I could have gotten it from McIntire first and called Speece and found out if it was true what McIntire told me.

Q. However, you don't remember such a conversation with Mr. Speece?

A. No, I don't.

Q. It is not likely that you would have notes of a conversation with Mr. Speece that would have Kohrer Chevrolet's order number on it, is it?

A. Say that again.

Q. It is not very likely that in a conversation with

Mr. Speece you would jot down notes of Rohrer Chevrolet's order number, is it?

A. No. If I were going to call Mr. Speece, I would have these prior to my discussion with him. If I was going to discuss these particular orders with him -- in fact, this is what you would do if you were to call some one up and discuss them.

Q. However, you don't remember the circumstances in which you took the notes that are Exhibit 2, do you?

A. My writing, I wrote it, but to tell you the truth, I am very vague on it.

Q. You don't recall whether you spoke to Mr. Speece or not? That's correct, isn't it?

A. Let me think a little bit.

Q. May I see that for just a minute, Mr. Snyder?

A. Sure.

Q. Which numbers on this page are your SAPO numbers?

A. First one.

Q. What are the numbers on the far right-hand column?

A. I don't even recall any more.

Q. You just go ahead and think about whether you spoke to Mr. Speece or not.

A. I must have spoken to him. I have it written down here, "Cars held by Mr. David Speece," so I must have spoken to him. I just don't recall what it was about.

It was about not getting these cars, but --

Q. You might very well have spoken to Mr. McIntire about Mr. Speece? That is equally possible, isn't it?

A. McIntire would have referred me to Mr. Speece because more than likely I spoke to Mr. Speece.

Q. However, you have no specific recollection?

A. No, I don't. Keep in mind this is seven years ago.

Q. Apart from the conversation that you related that you had with Mr. McIntire at the time that you say Rohrer cut you off, did you ever have any other conversations with anybody employed by Rohrer Chevrolet about any communications from G.M. to Rohrer in connection with NABCOR?

A. Just the girl in the office.

Q. So there were just the two conversations, the one with Hilda and the one with McIntire?

A. I can't remember the general manager's name, but I believe I had a conversation with him, also. I don't recall his name.

Q. So all told you had three conversations with people at Rohrer about G.M. talking to Rohrer in connection with NABCOR; is that right? One was with Hilda?

A. Hilda, yes.

Q. It is correct? They were the three that I just listed?

A. Yes.

Q. One was with Hilda?

A. Hilda, McIntire, and the general manager whose name I don't recall.

Q. When did you have the conversation with the general manager?

A. I spoke to the general manager on the phone after we were cut off. After McIntire said we couldn't buy any more cars, I spoke to the general manager.

Q. What did you say to him? What did he say to you?

A. I asked him the same thing I asked McIntire, what was the reason. Now that I think about it, it may have been he that referred me to Speece. I am not really sure whether it was he or McIntire. Must have been the general manager that told me to call Speece. He said, "We have no control over it."

Q. When you talked to Hilda, where did that conversation take place?

A. In the fleet office.

Q. At Rohrer Chevrolet?

A. Yes.

Q. Was anyone else present?

A. Just her and I, just Hilda when I spoke to her about it.

Q. Was any recording or memorandum made of that conversation?

A. I may have. When I got back to the office, I may have recorded it on a note of some sort.

Q. Do you remember one way or the other?

A. I jot a lot of things down that happen.

Q. However, you don't remember as to that conversation?

A. Not specifically, no.

Q. When you spoke to Mr. McIntire and he said that he wouldn't sell you any more cars, was anyone else there?

A. Not that I know of.

Q. Where did that take place?

A. In the fleet office.

Q. At Rohrer?

A. At Rohrer.

Q. Do you know of any memorandum or recording of that conversation?

A. McIntire called me on the phone, also. I had a telephone conversation with him about it, also. He told me that they were discontinuing selling us cars.

Q. What did he say in the telephone conversation?

A. Pretty much the same thing, that they weren't going to sell us any more cars, he got the word from the zone.

Q. What he said about the zone was that the zone wouldn't give Rohrer any additional cars if they were going to sell them to NABCOR; isn't that right?

A. What he said was that they got word from the zone not to sell cars period.

Q. That is what he said on the phone?

A. Yes.

Q. Is that what he said in the meeting that you had with him?

A. There were different times we discussed the thing, and, you know, my attitude towards them was how can the zone tell you what to do. In other words, you are the dealer. Why can the zone tell you not to sell cars? Then their explanation is, "Well, we have to do what they tell us because they don't replace the units that we sell you. They won't give us the cars."

Q. That is what Mr. McIntire told you?

A. Right.

DEPOSITION OF

FREDERIC G. DONNER

I. Plaintiffs' Designations of Deposition Testimony

II. Defendants' Objections to Plaintiffs' Designations

III. Defendants' Cross-Designations

Q Could you tell me did you give any instructions yourself with respect to any procedure for compliance with any of the terms of this Judgment?

#8

A I don't think that would have been my

position, no.

Q And you don't recall if you did?

A No.

Q Do you recall having read this Judgment at all prior to -- having read it at all?

A I must have read it. I don't recall what was in it, no.

Q Can you specify what divisions or persons in General Motors under General Motors policy during 1966 should have been responsible for enforcement of this Judgment?

A I don't know.

Q Do you know who would know?

A No, I don't.

#19

Q Did you ever inquire at any time from August 18, 1966 to the present about compliance procedures?

A I didn't consider it necessary to.

Q And the answer is no then?

A No.

Q Did you ever speak with Mr. Roche about this judgment?

A I can't recall any specific conversation, no.

Q Do you recall what Mr. Roche's position was in 1966, December 31?

A He was president.

Q Do you know when he became president?

A May of 19 -- the end of May of 1965.

Q And how long he remained president?

A For two years.

MR. PERSON: Okay.

Q Were you aware at the time that you received this Plaintiff's Donner Exhibit 3 of any policies of General Motors, any distribution policies of General Motors, which could interfere with a non-franchised person selling or leasing new cars, GM cars.

Pm: ANSWER ON PG 51 LINE 16

MR. KLEINBARD: Now, could you just --

A I can't understand that question at all.

MR. KLEINBARD: Also, I was going to ask you to modify it anyway, Mr. Person, because could it is such a vague term.

MR. PERSON: Would.

MR. KLEINBARD: If you want to say was designed to.

MR. PERSON: That would interfere necessarily.

MR. KLEINBARD: That is the same as designed. That is if he knew of a policy that was designed.

MR. PERSON: I didn't say designed. I said anything that would in fact interfere.

A Your question would in fact destroy my ability to answer.

Q That would have a tendency to interfere.

A That gets pretty vague.

Q What wording could you live with?

A We didn't have any policies that prevented that that I know of.

Q If in 1966 a person bought a new car from a GM dealer and wanted to turn around and sell that new car as a new car to a retail customer, --

A You mean a retail customer bought a new car?

Q No, a person in the business of buying new cars and turning around and selling them, who had no factory franchise from GM, do you know whether the warranty policy of General Motors would interfere with that kind of business?

A I don't know of any interference there would be. He was in the position of any other purchaser and I know of no restrictions put on the non-franchise dealer that wouldn't have affected any purchaser.

Q Were you aware of any mileage limitations on obtaining warranty work?

A Oh, we have had those of various amounts at various times. I don't know what the '66 one was.

Q What was the reason for a mileage limitation?

A As well as a term, because of the feeling that there was a point, mileage-wise, which the factory wasn't responsible for the maintenance of the car.

In other words, cars depreciate from usage as well as from time.

Q Were you aware of any mileage away, a radius away from a selling-dealer beyond which --

A Now you're talking something else. I thought you meant mileage on the car.

MR. KLEINBARD: He did at first.

MR. PERSON: I didn't, but I was listening to the answer.

A I don't know how I could detect that from your question.

Q It's my fault for having asked it inartistically, and I apologize.

But, are you aware of any requirements that a retail customer return to the selling-dealer?

A I know of no such requirements in the policy.

DEPOSITION OF

JAMES M. ROCHE

I. Plaintiffs' Designations of Deposition Testimony

II. Defendants' Objections to Plaintiffs' Designations

III. Defendants' Cross-Designations

A Chairman of the Board of Directors.

Q Did the President of General Motors at that time report to you?

A Yes.

Q And who was the President then?

A Edward N. Cole.

Q How long did you hold the position as Chairman of the Board?

A From November 1, 1967 until January 1, 1972.

Q And did you have a position as an officer of GM prior to November 1, 1967?

A Yes, I did.

Q What position was that, please?

A I was President.

Q And how long did you hold that position?

A From June 1, 1965 until October 31, 1967.

Q What were your duties as President?

A My duties as President, I was designated Chief Operating Officer, had the responsibility for the day-to-day operations of General Motors Corporation.

BY MR. PERSON:

Q Would you please take a look at this document which purports to be a final judgment entered in the United States of America versus GM and others, which is Plaintiff's Donner Exhibit 1, for identification.

Are you familiar with that judgment? Is that a copy of it as far as you can --

A Insofar, I haven't read it, but I was familiar with it at the time, yes sir.

Q Did you read it shortly after it was entered?

A Yes.

Q Back in August, 1966?

A I am sure that I did, I don't remember the specific date, but I am sure that I read it at the time.

Q Did those terms include an injunction against General Motors as you recall. If you can recall?

A I don't recall. It seems to me it did, but I don't recall specifically.

Q Can you please look at this provision at page 4. It's subdivision capital B in parenthesis under paragraph 4 on page 4.

A Yes.

Q Can you recall having read that paragraph before at or around the time of the injunction?

A I don't recall specifically having read it, but I would read something like this in connection with my responsibilities, I am sure I read it at the time, but I don't recall it at this point.

Q Do you believe that there is some type of compliance program of General Motors in connection with that and other paragraphs in the injunctive part of the judgment?

A As a responsible corporate citizen of the United States, General Motors always tried to comply with the legal actions with which we were confronted.

Q Do you have any idea what the compliance attempt was, going back to 1966? What specific activities are you aware of which were part of GM's attempt to comply with this injunction?

A Again, this happened a long time ago, but our normal procedure would be to make certain that our people, who had a responsibility for carrying out these policies, were familiar with the problem and the proper procedures to comply with the injunction or the order, and also to make certain that anybody else, perhaps the dealers, would be so advised of our position in the matter.

Q Do you know of any requirements for persons in General Motors who become aware of possible violations to report these possible violations to any specific officer or other person of General Motors, back in 1956?

A You mean a violation on the part of some General Motors employee of the order?

Q Yes.

A Well, I think all employees were instructed that we would want to comply with the order, and if there was any reason or anything came up in connection with it, that they would report this through the line organization for appropriate study and action.

Q Do you know whether the fleet and government sales section was advised with respect to this injunction?

A I am sure they were. I can't speak from my own personal knowledge at this point, but they would be, in the ordinary course of business, advised.

Q If the fleet and government sales section had any problems concerning the injunction as to possible questions arising under it or possible violations, is there any officer of GM which the fleet and government sales section should have reported that to?

A Well, I --

MR. KLEINBARD: Excuse me just a minute.

Mr. Person, there are two sections to this injunction. One is for a six month period relating to Chevrolet dealers in

Southern California. That is one item.

And, in effect really saying GM is enjoined from violating that which was always the law before. It doesn't add anything to what exists on it either on the statute book or in the cases.

MR. PERSON: So you are claiming the injunction had no affect?

MR. KLEINBARD: No, I am not saying it had no affect. But it didn't add anything to GM's burdens after the six months expired that did not already exist.

MR. PERSON: It did because there is a specific court order requiring compliance, which is different from the law.

MR. KLEINBARD: They had a court order saying you shall obey the law. If you reduce it to simple terms that is what they had.

Q Are you aware of any compliance programs that differed between those two different paragraphs at any time?

A No, I am not familiar with the actual administration of how this was handled, no.

Q Was there any one person in charge of compliance as soon as this injunction was entered, other than a lawyer for General Motors?

A Well, as I say, the ordinary procedure for handling things like this would be to advise our employees who had occasion to deal in these matters, and also to the extent that the dealers might have been involved to make sure they were familiar with our policies and in what we were trying to do, and then if there were any problems that might arise in connection with either one of those activities, depending where that problem might surface, it would go on up through the line organization for whatever disposition seemed to be appropriate.

Q Do you recall what communication, if any, General Motors had with it's dealers after and as a result of the entry of this judgment against General Motors in August, 1966 relating to compliance?

A I can't give you the specific details of whatever the communications were, but as I indicated earlier, it would be our practice under these circumstances to communicate with our field personnel, who were contacting dealers, and who had the responsibility for administering our activities in this area, and also to the extent that it would be appropriate, to communicate with the dealers our ideas and our policy with respect to any matter of this kind.

Q Do you know how many communications there were with the various dealers of GM concerning this?

A I would have no idea as to the numerical number. I presume that probably all of the dealers were notified.

Q Do you know if they were notified more than once?

A I can't answer that now. I would be inclined to think only once.

Q Who is Mr. E.D. Foley, F-o-l-e-y, Sales Section in Detroit?

A Mr. Foley was what we called the Organization Manager. Mr. Foley is now dead.

Q By Organization Manager is that a staff function?

A That is a staff function, yes.

Q Under what --

A Under the vice president of distribution staff.

Q So, it's a staff function in the distribution area?

A That's right. It's a part of the distribution staff activity.

Q Do you know Mr. Herman P. Satler?

A Yes.

Q Do you recall what his position was with GM in, at the end of 1967?

A I don't recall the exact dates Mr. Satler had been a Chevrolet executive, and he worked for a short time on the distribution staff, but I can't give you the exact dates. They would be available from the records. I don't have them in mind.

Q Did you know Mr. Albert T. Olsen?

A Yes, I knew Mr. Olsen.

Q And Mr. Owens, J.J. Owens?

A Yes, I knew Mr. Owens, too.

Q Was he Mr. Olsen's predecessor in the fleet and government sales section?

A I really can't pinpoint the dates. Mr.

Owens, as I recall it, worked in Chevrolet and he was on the distribution staff, and then, I believe, he went to Australia and then came back, but I can't give you the dates.

Q Did you know Mr. Berg, Robert Berg?

A Yes, I knew Mr. Berg.

Q When did you first hear of Nabcor?

A I can't pinpoint the date, but probably some time around the middle of 1966.

Q Do you recall how this developed, where you first became aware of Nabcor?

A My recollection is that one of the fieldmen sent him an advertisement or something about it, but again, I am not absolutely certain of that.

Q Do you recall what, if anything, you did when you received the memorandum?

A Probably referred it to Mr. Crawford, who was a vice president in charge of the distribution staff.

Q Do you recall making any recommendations to Mr. Crawford or any other person that legal staff should be brought in?

A I don't recall specifically, but I would expect Mr. Crawford would probably discuss it with the legal staff.

Q Do you recall any other communications with any person concerning Nabcor other than counsel?

MR. KLEINBARD: And Mr. Crawford?

Q Back in 196 --

MR. KLEINBARD: And Mr. Crawford?

MR. PERSON: Yes, any other communications with Mr. Crawford or any other person.

A Mr. Crawford probably reported back to me on the situation, but I really don't have any clear recollection of the specifics of it at this time.

Q Do you recall what it was in the advertisement that was significant?

MR. KLEINBARD: I object to the form.

Q Was there anything significant in the advertisement that suggested that it be called to your attention?

A Well, --

MR. KLEINBARD: I will object to the form of the question and direct him not to answer.

I don't know what motivated the sender of the message -- I mean the sender of the memo to -- indeed, I don't recall anything in the original memorandum which suggested that Mr. Roche was to get a copy.

So, if you were to show him the document, it might refresh his recollection.

Q Do you recall anything significant about the advertisement yourself?

A My recollection about the significance of the advertisement was that it was offering to sell General Motors franchises, and that was a different approach, and I think that probably awakened my curiosity.

Q General Motors cars or General Motors franchises?

A As I recall, it was selling a franchise to purchase General Motors cars.

Q Why was that unusual to you, if it was?

A Well, I don't presume an individual has a right to sell General Motors franchises.

Q Did an individual then have a right to sell General Motors cars?

A Any individual could sell a General Motors car.

Q Did you know of any persons not franchised by GM who were selling GM cars, new cars, at that time?

A I can't name you any of them, but there were people who were selling General Motors cars who were not General Motors dealers.

Q And these were new cars?

A Alleged new cars.

Q Do you believe that they are not new cars for any reason if a non-franchised dealer sells them?

A In some cases they might have been, in other cases, they might not have been.

Q Did you have General Motors adopt the position that any resales of cars by non-franchised dealers would be selling a used car necessarily to the consumer back in 1966/1967?

A I am not too sure that I understand the question.

MR. KLEINBARD: Are you asking Mr. Roche whether in 1966 and 1967 General Motors adopted that policy?

MR. PERSON: Was there a policy in effect during 1966 or 1967 that any sales, any resales of what -- of a car bought by a franchised dealer and sold to a non-franchised dealer, and resold to a consumer would be the resale of a used car to the consumer?

MR. KLEINBARD: For what purpose?

MR. PERSON: For any purpose.

Q Was it considered by GM as a matter of GM policy that that would be the resale by the non-franchised dealer of the used car?

A It would depend on how the title of the car was transferred, I would imagine.

Q And can you think of any consequences with respect to warranty policy that developed as a result of that?

A Not specifically, although the warranty policies have changed from time to time over the years.

Q Do you know if the consumer was able to obtain a full warranty in a situation such as that?

A In some periods if the purchaser was a second owner, he would not have had warranty coverage.

Q Who was the first owner then, the non-franchise dealer?

A Presumably, yes.

A Yes.

Q And could you identify about how many it had at that time, say Chevrolets?

A I think that there might have been maybe one Chevrolet outlet.

Q About how many all told were there of all five?

A Passenger cars?

Q Yes.

A I would say in 1966 there might have been 15, 18 in the United States.

Q Are you familiar with Motors Holding Company?

A Yes.

Q Corporation. Is that a division or a subsidiary back in 1966?

A It's a division of the corporation.

Q Of GM?

A Yes.

Q And not a separate corporation itself?

A No.

Q And is that true as of today as far as you know?

A Yes.

Q And you are unaware that you don't know of any incorporation of Motors Holding into a separate corporation at any time from '66 to the present?

A No, but each Motors Holding dealership was a separately incorporated corporation.

Q About how many such dealerships were there back in 1966?

MR. KLEINBARD: Again we are going far afield from this examination. I direct him not to answer.

Q Five hundred or more?

MR. KLEINBARD: I direct him not to answer.

MR. PERSON: I am trying to get a specific number.

Q Motors Holding Company as a division of GM financed various dealerships, is that correct?

MR. KLEINBARD: I direct him not to answer. There is nothing here that says that Mr. Roche in any way interferred with Nabcor by the use of Motors Holding Corporation, or anything else.

MR. PERSON: But Mr. Roche has said that Nabcor would not be competition with

GM. And I am merely pointing out how GM and Nabcor were in competition.

MR. KLEINBARD: He may have been in error.

MR. PERSON: I am trying to point that out.

MR. KLEINBARD: Supposing he was? It was his belief at that time that they were not in competition.

MR. PERSON: I can possibly show that he may not have thought that. And --

MR. KLEINBARD: Well, in any event, the number of Motors Holding Corporation dealerships, I don't think is going to answer that question for you.

MR. PERSON: About how many was there?

MR. KLEINBARD: I asked him not to tell you that.

MR. PERSON: Then you tell me then.

MR. KLEINBARD: I directed him not to answer.

BY MR. PERSON:

Q Do you still believe, in light of this discussion, that Nabcor was not in any way in competition with interests of GM, by selling franchises for the sale of GM automobiles in various territories?

MR. KLEINBARD: Well, I object to that.

Q Do you want to reconsider your answer that you gave previously?

MR. KLEINBARD: What do you mean by still believe?

MR. PERSON: I am asking him to reconsider his answer before when he said Nabcor was not competition merely by selling franchises to sell GM automobiles.

I am asking him now if you can reconsider that and say whether now Nabcor was in competition or was attempting to compete with interests of GM, even though it may not have been all of GM.

THE WITNESS: Do I answer?

MR. KLEINBARD: Yes, go ahead.

A As I indicated before, General Motors was a manufacturer of cars. General Motors franchises the dealers. We think that is our right and we thought so at the time. And insofar as Nabcor was concerned, we didn't feel that they had any right whatsoever to offer to sell a General Motors franchise, or anybody else.

Q If they acquired cars from a franchised dealer, did that change the result any?

A They had every right to acquire cars from -- anybody has a right to acquire a car from a General Motors dealer. The General Motors dealer has every right in the world to sell that car to whom he pleases. So there would have been no interference with that.

A dealer buys his cars from us and he has complete responsibility and jurisdiction over how he is going to sell.

Q So, why if Nabcor could acquire cars, GM cars, why couldn't it franchise people to distribute cars that were acquired by Nabcor?

A Well, I presume it probably could have.

Q You were saying before it had no right to. I am just wondering how you could arrive at that?

A To get into this we are going to have to go into a full discussion of the franchise system, it seems to me.

Q I would like to.

A And our franchise system is based upon the idea that we have a responsibility to the customer and the eventual user of that product.

Q You are saying Nabcor couldn't service the cars?

MR. KLEINBARD: Well, you are getting into --

Q Is that correct?

A You are getting into the reasons why we franchise the dealer. We franchise the dealer and we expect he is going to provide building facilities, personnel, trade service organization, a trained parts organization, he is going to carry a full stock of parts adequate to service the cars that he sells, he is going to be in business in a particular location, to serve the interests of respective purchasers in that area, and this is the heart of our franchise system.

Q And a company that takes a portion of that business away could interfere with the ability of GM to deliver the full product, the full range of services and product, is that correct?

A Unless they went into exactly the same kind of set up that a General Motors dealer would.

Q And you are unaware whether Nabcor had any service facilities? As an automobile broker.

A I know nothing about Nabcor.

Q Is it a policy of General Motors to pay its dealers less for servicing than a fair value?

MR. KLEINBARD: I will object to that and direct him not to answer. I am not even sure I know what you mean.

Q Have any dealers complained to GM that the amount they received for doing warranty work is less than a reasonable amount should be?

MR. KLEINBARD: I will object to it. I direct him not to answer. Supposing they had?

Q Is it true that that has been complained of?

MR. KLEINBARD: I say supposing it has, what has this to do with this law suit?

MR. PERSON: What it has to do with the law suit is the dealers were getting more off the top, and the structure of GM requires that the dealers do the warranty work because they have received a profit that relates to warranty on the sale of the car.

Q Is that correct?

A No, I think we are getting off the track here a little bit.

First of all, I think we are misunderstanding what some of these policies are.

You have talked about warranty policies, we have talked about destination charges, and now you are trying to get into the specifics of how we warranty our cars.

We have a warranty plan in GM for only one reason, and that is to assure customer satisfaction of our products.

Q Why is it that independent service personnel can't be hired to do the warranty work, that it must be done by an authorized dealer? Why is that?

A Because we provide special training programs for our dealers. We have a field organization, service representatives and parts representatives that are continually contacting our dealers and counseling them on the best means to service our products.

Q But fleets are able to do their own warranty work and yet --

A Again, with the help and guidence, if they are qualified to do that, of our divisional people.

Q What control do you have when people job out matters to other people?

MR. KLEINBARD: Mr. Person, --

Q You have no quality control in that respect, the job goes out, is done typically by GM service shops that are over-burdened.

A But we have the dealer who is responsible for that quality. And it is the dealer -- we do not -- the dealer contracts something on the outside, he does that on his own. But the responsibility is his.

Q Do you recall receiving document No. 654 which says received July 1, J.M. Roche?

A No, if my time stamp is on it, I presume I did see it.

Q 657 received June 9, J.M. Roche.

A Yes, wait a minute, this is received by Mr. Donner on June 7.

Q And then two days later --

A Two days later it was received by me, and the date of this document is July 1. So it couldn't have been attached to it.

Q Right, so doesn't it appear that the communication -- that you had received a communication on or about June 9, and do you know what happened at the time you received that June 9 communication, dated

June 9, stamped by your stamp?

A I probably referred it to Mr. Crawford.

Q And then I have two letters here, 655/56, one dated June 17, another June 20. And in the June 20 letter from Mr. Crawford to Mr. Feely, it says please note that we are requested to give Mr. Roche a report. Thus I feel our information should be as complete as possible.

Do you recall in what way Mr. Crawford and or Mr. Feely were requested by you to give a report?

A No, I don't. Just that I saw Mr. Crawford quite frequently. I saw Mr. Feely very infrequently. But Mr. Crawford was the vice president in charge of marketing staff and distribution staff, and I had occasion to consult with him very regularly about sales matters, deliveries and so on. And it is possible in one of those conversations it might have come up. But I have no distinct recollection of it.

Q Who had the authority to refer a matter to Al Power? Did Mr. Feely have the authority to refer this matter to Al Power?

A Well, I think that really anybody in the corporation who felt they had a problem of sufficient importance, had access to Mr. Power as General Counsel, and could refer to him or ask him for counsel and advice on a given subject.

Q May I see --

A And Mr. Feely was in that category, I am sure.

Q And Mr. Crawford?

A And Mr. Crawford.

Q On July 1 you received document 654. July 1, I would note is later than the date on these other three documents. Nos. 655, 656 and 657. This document dated July 1 with your name stamped on the document No. 654 says that at the suggestion of Mr. A.G. Crawford, I am attaching some information that we obtained relating to the subject company. This was addressed to you, J.M. Roche, President.

Do you recall whether this, either of these letters with Mr. Crawford's name on them and Mr. Feely's name were attached to this document 654 when you received them?

A No, I would have no way of recalling that at this time. This apparently came to me, 657, apparently came to me from Mr. Donner, and I might have received a copy of it on my own.

And the letter of June 17 and June 20, I couldn't identify at this point whether those were attached or not.

CIVIL ACTION
No. 62-1208-CC

FINAL JUDGMENT

PLF. ~~DEFT.~~ Donner
EX# 1.
IN EV FOR ID
DATE 9/27/76

The Supreme Court of the United States, having rendered its Opinion on April 28, 1966, that the defendants have combined and conspired in violation of Section 1 of the Act of Congress of July 2, 1890, entitled "an Act to protect trade and commerce against unlawful restraints and monopolies," as amended, commonly known as the Sherman Act, and having remanded this cause in order that this Court may fashion appropriate relief;

NOW, THEREFORE, in accordance with the opinion of

[illegible] 6

the Supreme Court which was filed and spread on the records of this Court on June 13, 1966, the parties having been heard and briefs filed, it is hereby

ORDERED, ADJUDGED AND DECREED as follows:

I.

This Court has jurisdiction of the subject matter of this action and of the parties hereto. The judgment of this Court of September 14, 1964, in favor of defendants is hereby vacated. The Supreme Court decided that defendants have engaged in a combination and conspiracy in unreasonable restraint of trade and commerce in Chevrolet automobiles in the Southern California area in violation of Section 1 of the Sherman Act, in that defendants and Chevrolet dealers have engaged in joint collaborative action in the Southern California area to eliminate a class of competitors by terminating business dealings between some of such Chevrolet dealers and discount houses and referral services and to deprive Chevrolet dealers in the Southern California area of their freedom to deal through discount houses and referral services if they so choose, and that the aforesaid combination and conspiracy was effectuated. The aforesaid decision of the Supreme Court is hereby entered as the judgment of this Court.

II.

As used in this Final Judgment:

(A)"Person" shall mean any individual, partnership, firm, corporation, association or other business entity;

(B) "General Motors" shall mean the defendant General Motors Corporation, a corporation organized and existing under the laws of the State of Delaware;

(C) "Automotive vehicles" shall mean the various series and models of new passenger cars and station wagons and trucks sold by General Motors' passenger car divisions;

(D) "Chevrolet automobile" shall mean an automotive vehicle manufactured or assembled by the Chevrolet Motor Division of General Motors and sold by General Motors under any trade name used by the Chevrolet Motor Division, including but not limited to Chevrolet, Corvair, Chevy II, Chevelle and Corvette;

(E) "Chevrolet dealer" shall mean any person engaged under a Chevrolet dealer franchise agreement in purchasing Chevrolet automobiles from General Motors for resale;

(F) "Southern California area" shall mean the counties of Los Angeles, Orange, Ventura, Riverside, San Bernardino, and San Diego, State of California;

(G) "Defendant associations" shall mean the defendants Losor Chevrolet Dealers Association, Dealers' Service, Inc., Foothill Chevrolet Dealers Association, and each of them.

III.

The provisions of this Final Judgment applicable to any defendant shall apply to such defendant, its subsidiaries, successors and assigns engaged in the business of selling automobiles for resale within the United States, and to each of its officers, directors, agents, employees, and to all members and other persons in active concert or participation with such defendant who shall have received actual notice of this Final Judgment by personal service or otherwise.

IV.

Defendant General Motors is enjoined and restrained:

(A) For a period of six (6) months from the effective date of this Final Judgment from preventing, restricting or limiting, through enforcement of contracts or otherwise, any Chevrolet dealer in the Southern California area from selling Chevrolet automobiles to or through any person or class of persons engaged, or desiring to engage, in selling or offering for sale automobiles including but not limited to discount houses or referral services, or from persuading, urging or suggesting that any such dealer refrain from so selling;

(B) From entering into, maintaining, adhering to or enforcing any combination or conspiracy with Chevrolet dealers or with any trade association or other organization of Chevrolet dealers to restrict or limit, or attempt to restrict or limit such dealers from selling Chevrolet automobiles to or through any persons or class of persons engaged, or desiring to engage, in selling or offering for sale automobiles including but not limited to discount houses or referral services.

V.

Each defendant is enjoined and restrained from entering into, maintaining, adhering to or enforcing any combination or conspiracy with any other defendant, Chevrolet dealers, or trade association or other organization of Chevrolet dealers, in the Southern California area:

(B) To shop or otherwise investigate the persons or class of persons through whom any Chevrolet dealer in the Southern California area is selling or intends to sell any Chevrolet automobile.

VI.

Each of the defendant associations is enjoined and restrained:

(A) From shopping or otherwise investigating the persons or class of persons through whom any Chevrolet dealer in the Southern California area is selling or intends to sell any Chevrolet automobile;

(B) From shopping or otherwise investigating the prices at which any Chevrolet dealer in the Southern California area has sold, is selling or intends to sell any Chevrolet automobile through a discount house;

(C) From supplying to General Motors the results of any price investigation made by any of defendant associations.

VII.

Each of the defendant associations is ordered and directed:

(A) Within ninety (90) days from the effective date of this Final Judgment, to mail a copy thereof to each of its members by registered or certified mail and to file with this Court, with a copy to the plaintiff, an affidavit setting forth the fact and manner of compliance with this subsection (A), and the persons to whom copies of said Final Judgment were sent;

(B) To furnish to all its future members, directors and officers a copy of this Final Judgment.

VIII.

For the purpose of determining or securing compliance with this Final Judgment and for no other purpose:

(A) Subject to any legally recognized privilege, duly authorized representatives of the Department of Justice shall, upon written request of the Attorney General, or the Assistant Attorney General in charge of the Antitrust Division, and on reasonable notice to any defendant, made to its principal office, be permitted:

(1) Access during the office hours of the defendant to all books, ledgers, accounts, correspondence, memoranda and other records and documents in the possession or under the control of such defendant, who may have counsel present, relating to any of the matters contained in this Final Judgment; and

(2) Subject to the reasonable convenience of the defendant and without restraint or interference from it, to interview officers or employees of the defendant, who may have counsel present, regarding any such matters.

(B) Any defendant, on the written request of the Attorney General or the Assistant Attorney General in charge of the Antitrust Division, shall submit such reports in writing with respect to any matters contained in this Final Judgment as may from time to time reasonably be requested.

No information obtained by the means provided in this Section VIII shall be divulged by any representative of the Department of Justice to any person other than a duly authorized representative of the Executive Branch of the plaintiff, except in the course of legal proceedings to which the United States of America is a party for the purpose of securing compliance with this Final Judgment or as otherwise required by law.

IX.

Jurisdiction is retained by this Court for the purpose of enabling either of the parties to this Final Judgment to apply to this Court at any time for such further orders and directions as may be necessary or appropriate for the construction or carrying out of this Final Judgment or for the modification or termination of any of the provisions thereof, and for the enforcement of compliance therewith and punishment of violations thereof.

X.

Nothing in this Final Judgment shall be construed to adjudicate the meaning, effect, validity or invalidity of any provision of a Chevrolet dealer franchise agreement.

Neither the injunctive provisions of this Final Judgment nor any other provision thereof shall be construed to enjoin General Motors from acting unilaterally under any Chevrolet dealer franchise agreement or from unilaterally enforcing any such agreement except to the extent and for the period provided in Paragraph IV(A) of this Final Judgment.

XI.

The injunctive provisions of this Final Judgment shall not be construed as prohibiting General Motors and any Chevrolet dealer from performing any acts reasonably required to carry out their respective obligations under any legislation relating to safety of motor vehicles; and the injunctive provisions of this Final Judgment shall not be construed as barring defendants, or any of them, from advocating or opposing governmental action or from obtaining or disseminating any information solely for such purpose.

XII.

This Final Judgment shall become effective thirty (30) days after date of its entry.

Attn. Mr. Frank Maiorana

Dear Mr. Maiorana:

The following is a list of automobiles that we have available for sale. Perhaps you or some of your dealers would be interested in the purchase of these vehicles:

1. 1965 Pontiac Catalina 2-door hardtop. Equipment: power steering, automatic transmission, push-button radio, white wall tires, deluxe steering wheel. Mileage approximately 9,000 miles. Color: white.

2. 1966 Pontiac Catalina 2-door hardtop. Equipment: same as above. Mileage approximately 10,000 miles. Color: Platinum or silver gray.

3. 1966 Pontiac Catalina 4-door hardtop, same equipment as above. Mileage approximately 10,000 miles. Color: white.

The above cars are priced at $300.00 below factory invoice cost and, of course, would carry the balance of manufacturer's warranty.

If you can do anything for us, we would be most happy to hear from you. My appreciation for past favors.

Sincerely yours

Earl R Stewart

Gentlemen:

Att: Mr. Earl Stewart

We understand that an unfortunate incident has occurred that had jeopardized our relationship with you and your dealer.

As you know, it has never been our intention to create dealers in your area who would muddy up the profit potential of the retail end of your business.

Our dealers have been instructed that under no circumstances are they to quote, write, or in any way to infer that they will deliver Pontiac automobiles for unrealistic prices; as I have pointed out to you upon numerous occasions that the concept for our dealers is to sell cars profitably.

We can assure you that you have our word that we will police this matter to your complete satisfaction.

For your own information, the two dealers that you have mentioned have promised that they will cooperate to the fullest extent.

Sincerely,

NABCOR, INC.

Action Line

Dial LI. 3-7474

May 15

Dear Mr. Snyder,

Please find attached, as per our conversation yesterday, an inquiry from Joseph W. Askew.

In handling similar problems for customers of other purchasing agents, Action Line has found that it can often speed delivery of cars if we have the name of the selling dealer and an order number and date.

If you would promptly supply us with this information, we will attempt to secure Mr. Askew's Corvette.

Sincerely yours,

Robert F. Wright

Robert F. Wright

P.S.

Please excuse the form of Mr. Askew's complaint; it was received via recording device and spelling is phonetic.

HOW TO USE ACTION LINE

Be sure to use Action Line's special number—LI 3-7474—between 3 p.m. and 9 p.m. Monday through Friday, so that your question or problem can be recorded. Please do not use The Star's regular number. If the lines are busy, a letter or postcard to Action Line, The Washington Star, Washington, D.C. 20003 will get equal consideration.

Give your name, address and telephone number—not for publication, but to help Action Line to help you. Be sure to include all pertinent information, but DON'T send pictures, certificates, receipts or other documents you wish returned.

Only one query at a time, please, as Action Line wants to help as many readers as it can. We're sorry that the number of calls and the volume of mail make it impossible to answer, or even acknowledge, every question. Please don't send stamps or self-addressed envelopes, as answers can be given only in The Star's column.

GENERAL MOTORS DEALERS:

Included in this book are names and addresses of all Rental, Leasing and Commercial companies who registered ten or more vehicles during the previous calendar year or who have been included due to ten or more registrations during the current calendar year. We encourage you to identify those accounts which are located in your area and to solicit their business on a regular basis.

In addition to being an invaluable prospecting tool for greater participation in the growing fleet market, this publication will also be of material assistance in determining those companies which are qualified under the provisions of the 1970 General Motors Fleet Plan. Other companies not included in this book may be or become qualified under the Plan. If assistance is needed in determining whether a company not included in this book qualifies under the Plan, please contact your Zone Office.
